

Policy for Commercial Activity in Wicklow Libraries

No events can be held in the libraries for commercial purposes. All events must be free to the public.

Book Launch/Sales

If there is a book launch in any of the libraries the author may sell copies but no staff will be involved in the exchange of money. Similarly, if there is an author visit or talk, the author may have a display of their books, but it must be ensured that attendees do not feel compelled to purchase books. Authors must handle any sales themselves, again with no staff involvement.

Community Rooms/Exhibition Spaces

The Community rooms and Exhibition Spaces may be reserved by a not-for-profit, non-commercial group engaged in an educational, cultural, intellectual, or civic activity.

Art Exhibitions

Artists can provide prices for their works and contact details for the public but cannot make sales in the library or involve library staff.

Grinds

No grinds are allowed in the libraries where the student must pay the tutor. If the tutor is working on behalf of a charity or government programme that is allowed.
