I think the public consultation is nonsense since the council still does whatever they please instead of listening to their residents. Everyone I know / have talked to knows exactly what the town needs but for some reason the council has 0 clue.

Wasting the publics money on something completely different is just very useless.

Firstly we need a second bridge, NOT for pedestrians BUT for CARS.

Secondly, we NEED a MULTISTORY car park in the town centre.

Thirdly, the untouched buildings that are falling apart all over main street that are just in the wrong hands, they're not being fixed nor used, theyre just deteriorating in plain sight and are a hazard.

If this survey was anonymous I know a lot more people would say the exact same but some residents have a fear of their reputation being affected by this etc, I just couldn't careless.
