Greystones has grown significantly in population in recent times and while Burnaby Park is a nice space it is small in size. Therefore, I would propose that the Council considers the purchase and change of use of the Charlesland Golf Course, or part thereof, as a public park.

Additional indoor amenities and facilities for youth groups. Given the population of Greystones, I believe the town would benefit from a Cinema complex with ancillary shops and services that are of interest to youth groups, i.e., fast food restaurants to meet in etc. A potential location for this could be between the R774 and United Caps Ireland

- Kilfemoc Roundabout and Burnaby Mill (currently informal trail made by the public - existing desire line); and
