Ref: Greystones / Delgany / Kilcoole Local Area Plan

Dear Sirs,

I wish to make an objection to the proposed changes marked out on the plan on my lands for the Greystones to Kilcoole Corridor under GDK59B.

However, I would like to see a feasibility study of the Greystones to Kilcoole corridor that was to be part of the Charlesland scheme recently.

I would welcome and suggest that the Council Planning section would sit down with myself and the neighbouring landowners and discuss a possible collaborate solution providing this corridor if the feasibility study on the main road section is not achievable.

I look forward to receiving your feedback. :

Kind regards

Pat Nolan
