Proposed Variation Parts

Topic	Part 1: Proposed Variation to town / settlement zoning maps and, where relevant, proposed new or amended site specific policy objectives.
Submission	1. Level 3: Greystones-Delgany

Write your observations here:

I wish to strongly oppose any rezoning whatsoever of lands at the old Charlesland Golf Club and surrounds. It is wholly inappropriate to inflict more development of housing on a town whose infrastructure is already at capacity. Every aspect of daily living is under strain from poor disconnected public transportation, schools at capacity, local amenities stretched, services such as GP and dentistry dealing with over subscription etc etc Not to talk of the sheer level of noise and light pollution in what was once a balanced and beautiful place to live and thrive. What is needed urgently from our council and planners is real thought and action to create more accessible green space to enhance wellbeing. This is the last piece of open space in our town and instead of fuelling developer greed we should as a community look towards securing this land to preserve it as a green space accessible to all. It is a beautiful tract of land abundant in wildlife and plant life. Protecting it is vitally important and could only be a positive legacy for generations to come. In my lifetime I have seen huge change to Greystones, both positive and negative, but enough of the pillage now please!
