2

Read Letter from same, Dated the 3<sup>rd</sup> instant, requesting to be furnished with particulars as to the new Scheme for improving the drainage of Killesader which has been prepared by Mr Price C.E.

The Board would also be glad to be informed whether any reply has been received from Major Cunningham to the letter which the Guardians directed to be addressed to him on the matter.

They desire to add that in their opinion the Guardians ought not to attach much importance to the results of analyses of the Killesader stream, the important point is the admitted fact that pollution of the stream from local matter actually occurs from an overflow from a cesspool or is liable to occur on heavy rainfall; a stream thus polluted or liable to such pollution cannot without grave danger be used for domestic purposes, and it has been represented to the L.G. Board that it is so used, and it is <sup>the remedy of</sup> this ground of complaint that the attention of the Guardians and their Engineer requires to be directed.

Order - Send Mr Price's plan to the L.G. Board and request them to return it; a copy can be made for them if they approve or require it.

Copy of Major Cunningham's reply may be sent to the L.G. Board.

Read Letter from same of same date, sanctioning the payment of £2.2.0 to Dr. Ryan as remuneration for assisting the Medical Officer of the Workhouse in a surgical case.

Read Letter Dated the 6<sup>th</sup> instant,

from Mr. J. K. Dooney, the Guardians solicitor, informing them that the motion to admit to the County Court, the case of Dr. Ryan v the Guardians came before Mr. Justice Andrews and Mr. Justice Murphy on the 5<sup>th</sup> instant.

The Judges were of opinion that the case was a pure question of Law, on the construction of the Rules governing Dispensary Committees, and they decided to make no rule on the motion, reserving the Guardians costs, no costs to Dr. Ryan.

The Counsel on each side undertook to agree on a case to be stated to their Lordships, to decide whether the Guardians are bound to pay Dr. Ryan's demand or not.

The Clerk's Report of Vaccination was read—(this on the first Meeting in every Month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

The Reports of the Master ~~and the Officers~~ were read, and Orders made thereon as follows:—

Gentlemen - I have to report that the Chimney of the Fever Hospital Kitchen requires to be rebuilt from the lower part, also 3 pots on same. The Laminary stove flues require general repairs, and the run of the pipe to be changed so as to give a better draught which is very defective at present.

A new window is required in the hospital ward, lately the male lunatic ward.

Order - These repairs to be executed by the Master.

The following Orders of the Local Government Board for Ireland were laid before the Board and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Read Letter from the Local Government Board, Dated the 13<sup>th</sup> instant, acknowledging the receipt of a copy of the Specification of the repairs to be carried out in this Workhouse, and requesting that a certified copy of the estimate of the Works in question may also be forwarded to them:

Ordered to be Complied with:

Read Circular from same of same date requesting to be furnished with Returns (1) Showing the number of persons admitted to the Workhouse (in sickness & health) and the number of births and deaths during the year ended the 29<sup>th</sup> of September last. (2) The number of sick persons treated in the Workhouse hospitals

during the same year; and (3) The number of cases of Vaccination during the year ended the following day.

Read Letter from same of same date, forwarding to be laid before the Guardians extracts from the Report of their Engineering Inspector, Mr. O'Brien Smyth, on his recent inspection of the cottages erected in this Union under the Labourers Acts, in pursuance of the Improvement Scheme authorized by Provisional Order dated the 19<sup>th</sup> of October 1889; and requesting that the several matters referred to by the Inspector may receive the attention of the Guardians, and that the L.G. Board may be furnished with a Return of the expenditure and liabilities incurred by the Guardians in connection with the Scheme.

The written consent of the owner and occupier should be forwarded (together with a map) in the case of the altered site built upon in the townland of Ballinastraw, with a view to the issue of an Order under Section 16 of the Act of 1886, sanctioning the alteration.

With regard to the Cottages erected in the townland of Dunmore it will be seen that the Inspector considers that much labour and expense would have been saved if the position of the out offices had been altered from that shown on the plans, and they think that in future the Guardians' Architect would do well to authorize a departure from the Plan where the special circumstances of the case would appear to render such a course desirable, but in no case should the offices be placed at a distance of less than ten feet from the dwelling house.

Order - The information required to be supplied.

=

Read communication, Dated the 14<sup>th</sup> instant from the Board of Public Works, informing the Guardians that the Bank of Ireland has been authorized to pay to the Grand Credit £195 - In the instalment of Loan No: 3728, under the Lubbers Acts in respect of the following Electoral Divisions, viz.

Mr. Journey further states that he is sure the Guardians will not sanction such charges, and will order a proper receipt to be sent.
