LAP - Proposed Material Amendments No 22 Submission

Submission

I am in favour of the Proposed Material Alteration 22 relating to the former Convent lands in Delgany village. I support this proposed alteration as a means to ensure that the development on the former Carmelite convent site is in keeping with planning permission granted under planning permission 21/959. This site is the only opportunity to create a heart for Delgany village with some open space.

It is crucial to safeguard the community gains that are planned as part of this planning permission. The Paul Hogarth company Public Realm plan provides an excellent blueprint for Delgany Village and the community centre, playground and open space planned for this site are very important to the village.
