3rd September 1891

Read circular letter from the Solicitor of Public Works to enclose four engrossed deeds of mortgage for perfection, and to point out that prior to the perfection of the deeds a Resolution is to be passed authorizing the affixing of the corporate seal to each.

It was moved by Mr. Spears and seconded by Mr. Symes and Resolved -

but prefer to receive the same by instalments as occasion may require. It is resolved that the requisitions for each advance shall be intimated to said Commissioners by the Chairman of this Board for the time being countersigned by Benjamin Hopkins, Clerk of Union. And that each such requisition shall be forwarded to the accountant of the said Commissioners and that all such advances shall be lodged to our account as the Guardians of Shillelagh Union in the Branch of the National Bank at Gorey."

Letter read from Mr Brown, Solicitor, to enclose contract signed by Mr J. J. O'Ramsey, Engineer, duly stamped.

The following communication was read from Mr. Ramsey, Engineer:-

"Not having got any definite instructions from you about Specifications for Cottages to be repaired I came to the conclusion I had better go & see them at once and submit Specifications for the Board's approval, as Mr. Berry's Specifications cover very little of the ground.

"I have therefore done so and herewith send you the following:-

- (1) { Drawing Specification Estimate for repair of 4 (now 5) houses in Lackbeg (nos 26, 27, 28, 29 & 30 on Prov. order)
- (2) { Specification and Estimate for repair of 2 houses in Lackbeg (nos 24 & 25 on Provisional order)
- (3) { Specification Estimate for repair of Potts' house in Barrakea. Mr. Berry's Specification for this is ridiculous - & I ask the Board to adopt mine instead. If approved of I shall send a sketch of dimensions to go along with it.

"Mr. Berry's drawing & Specification for 5 houses in Blonegall (to be enlarged) will do well enough. I shall send you an Estimate of cost of same before next Friday.

"Mr. Berry seems to have prepared no Specification for the Lackbeg houses. I have considered them carefully and they could not be more economically enlarged (I believe) to give anything like proper accommodation. Of course I can alter these Specifications in any way the Guardians may suggest.

"Awaiting further instructions.

"N.B. The other cottage (Delany's) at Barrakea to be repaired simply requires to be pulled down & a new one built in its place - the contract to be £8 or £10 less on account of the old stones."

MINUTES of Proceedings of the Board of Guardians, acting as the Rural Sanitary Authority, under the above-mentioned Acts, at a Meeting held on Friday the 25th day of September 1889.

PRESENT: In the Chair,

Frank R. Brock Esq. R.C.

Other Members:

Messrs. William Speakes, Richard James, Robert Carey, Patrick Byrne, Edward Byrne, Joseph Hopkins, and Abraham D. Symes.

No 292

Order read from the ^{23rd Sept. 1891} ~~Local Government Board~~ ^{Office of Public Works Dublin} to state the Bank of Ireland has been authorised to pay the Treasurer of the Union the sum of £565- for 1st instalment of loan no. 3575 - Labourers acts.

Read letter from Mr. Berry Esq. as follows: "I have received from Mr. Brown ten copies of orders made by the Land Commission for the purpose of mapping."

"Please let me know is it the wish of the Guardians that I should do this work. My fee will be one Guinea for each parchment."

With reference to the foregoing letter the Clerk was directed to write to Mr. Berry and ask him to return the ten copies of orders, sent to him by Mr. Brown, to Mr. Brown again at Neas.

The following letters were read from Mr. Brown Solicitor: "In reply to your memo of the 19th inst. inquiring why

why

why the leases of remaining plots are not to hand I beg to inform you that the leases of all plots in which the Rent was fixed by the Land Commission have been engrossed and were long since given to Mr Berry for mapping but I cannot get them back from him. If he does not return them after one more application it would I think be worth while to have them re-engrossed and the maps done by Mr Ramsay." "Th^o Sept 9/81

"One of the plots in Clongall Division is on the holding of late John Finn. I have been informed that the house and farm are now in the occupation of his widow and his daughter Mary Finn. Could you ascertain if they hold jointly or does the property belong to one, also has either of them taken out administration and what is the widows Christian name."

Mr Ramsay, Architect, wrote as follows:—

I herewith send you Specification & Estimate for rebuilding house in Rakeen (on Mr Pollards Land) not on old sheet of Carlow for approval of Guardians.

The walls are so bad, only built with sand and ready to fall, that it would be folly to try and patch them up. So I have specified for entirely rebuilding (with the old materials, supplemented by others)

I should have sent this long ago, but forgot all about any Cottage for repairs except the one in Canarea & those in Clongall and Laekbeg.

If the Guardians approve of this Specification and sketch, I shall send proper drawing of same at once, also copies to local Government Board.

My Estimate is £54. 2. 6 & I think the arrangement the best and most economical, to fit old roof timbers & floor which are quite good."

The Board agreed to approve of the abovementioned Specification.

The following Communication was read from a man named Patrick Murphy of Carnew (viz):—

"I beg to give notice that I will appear before the Board on October the 9th to enquire about the result of the 3 forms I lodged with the Board under the Latimers Act. The first was on Sept. 1882. Hoping the Clerk of the Union will be able to give account of them, the three men the Guardians appointed as a Committee to enquire the genuineness of the signatures attached to the forms I lodged I hope them three Gentlemen will be present so as that my representative will get to know the result."

No. 41,750

14th October 1891

Read letter from the Local Government Board for Ireland to return therewith the plans &c of the works proposed to be executed by the Board of Guardians of this Union for the purpose of providing a supply of water to the village of Carnew, and to state that the following amendments are required:—

- 1 The portion of the main to be laid as a 4 inch pipe should be shown on plan: There appears to be however no reason why the main should not be 3 inch throughout.
- 2 The length of each pipe (9 feet) should be stated to be exclusive of a defined length of socket.
- 3 The weight of lead to be put into each joint should be specified.

4 A 3 inch main weighing as specified 3 gns and 14 lb. to a nine foot length (socket included) would be only $\frac{5}{16}$ inch thick which is unusually light. It would be much better to increase the weight to 1 cwt. and 8 lb.

5 Communication pipes from the mains to houses of an annual value of over £10, each, should be laid by occupier or owner, and not charged to loan.

6 The clause in Specification reserving a right to recover for cost of remedying defects after completion of works should be replaced by an ordinary 6 months maintenance clause with retention money.

7 There should be a time penalty for non-completion within time contracted for.

8 All orders for alterations &c shall emanate from the Sanitary Authority (Specification page 4.)

9 All pipes should be properly coated with A. S. Varnish inside and out. A copy of the foregoing letter was furnished Mr. Speares, as Engineer, together with the Specifications &c to make the alterations required.

"Upon investigation the Board fail to see that the contractor has suffered any loss."

The Guardians unanimously agreed that the Clerk issue advertisements to invite tenders to be considered on this day, four weeks to supply the Workhouse with clothing, medicines &c for twelve months from the 17th Proximo and also Quarter Contracts for Provisions from the same date.
