The Clerk's Report of Vaccination was read (this on the first meeting in every month). Number of successful cases:—

~~The Report of the Visiting Committee was read, and Orders were made thereon as follows:—~~

The Board proceeded to consider Mr Toole's notice of motion which it was proposed by Mr Toole and seconded by Mr Battle as follows:—

"That on the occasion of the last Poor Law Election Mr B Hopkins spent nine days counting the votes for Rathdrum Electoral Division although the greater part of the time was spent in looking over Claims which were in his custody for over two years. That although those Claims were in Mr Hopkins possession for that period the greater part of them was incorrect and in consequence no voting papers should have been sent for from nearly all those with Conservative votes

That votes allowed two years before was disallowed last time in the Parliamentary in the Case of Rathdrum the votes were those of Messrs Thomas Reilly and Edward Healy which then votes were wrong on that occasion & Mr Hopkins was wrong in allowing them

That the flood of legal rhetoric of Dr Tenay would almost have overwhelmed Mr Hopkins only Mr Brown came to the rescue he would have gone under

That the poor rate Collectors are Compelled by law to attend at all Electoral divisions and receive no remuneration and Consequently a great hardship is inflicted by not having a properly qualified Returning Officer as in Baltinglass Union as many as two days were in as many hours as Mr Hopkins took days and were over on the 24th March the day Papers were to be got

That this delay is a tax on the Candidates that what aggravates this tax is in having to contend against bogus Candidates as was evident in the Rathdrum Contest when the Nominator never turned up and from the oft repeated statements of Mr W. E. Denis that he did not Care how long the Counting held he was receiving £1. per day

That the second Candidate never appeared in the room at all thus having to administer that he (Coby) was a thorough sham

That taking all that together in no measured man but must come to the conclusion of Calling on Mr Hopkins to resign a position he is no longer qualified to fill from the foregoing ~~incorrect~~ facts which are incontrovertible

That in ~~conclusion~~ the March Elections of 1886 took 5 full days to count and Finally is not all over yet."

Amendment proposed by Mr Spain seconded by Mr Dennis as follows:—

"That this Board pass a vote of Confidence in our Clerk as to the faithful discharge of his duties as Returning Officer of this Board"

"The Board divided when Nine Guardians voted against and Sixteen Guardians for the Amendment which was declared passed:"

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

No. 42,633 1886 — 14th October 1886

Letter read from the Local Government Board for Ireland to forward to the Clerk the accompanying memorial which they have received from certain ratepayers of the Kilballyowen Electoral Division of the Shillelagh Union relating to the rate shown by the estimate to be required for that Division; and I am to request that you will be so good as to furnish the Board with your observations on the subject.

The enclosed document should be returned to this Office with your observations

The Master informed the Board that the Contracts for the Yearly supplies to the Workhouse will terminate on the 1st proximo next as also the grocers Contracts

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

No 41,343 1886 — 2nd October 1886

Letter read from the Local Government Board for Ireland to forward, for the information of the Board of Guardians of the Shillelagh Union, the accompanying Copy of a Communication which they have received from the Commissioners of National Education, transmitting an extract from their District Inspector's last results report on the Workhouse Female School.

No. 41,344 1886 — 2nd October 1886

From same to forward, for the information of the Board of Guardians of the Shillelagh Union, the accompanying Copy of a Communication which they have received from the Commissioners of National Education, transmitting an extract from their District Inspector's last results report on the Workhouse Male School.

From same to inform the Board of Guardians of the Shillelagh Union that they have received the Half-yearly Report of their Inspector, Mr Robinson, relating to the Union, the Workhouse of which he inspected on the 5th Instant.

As regards the financial condition of the Union Mr Robinson states that the Ledger shows a balance of £246 against the Union at the Close of the half year, and these are unpaid bills due to Contractors and others amounting to about £100. The Board observe that a new rate has recently been agreed to, and they trust that no time will be lost in putting it in course of Collection.—

Mr Robinson reports that the stairs on the female side of the Workhouse are exceedingly dirty, and that the unoccupied wards are in a very neglected condition, also that, on the men's side, Cleanliness is not properly observed in the old men's day room; and the Board have to request that the Guardians will be so good as to caution the Master and Matron to be more careful in future in seeing that due Cleanliness is observed in every department of the establishment:—

Mr Robinson states that the male lunatic department is placed in charge of a female inmate, and he observes that it is desirable to discontinue this arrangement and to select a male attendant for this Class. This suggestion will, no doubt, receive the Guardians' attention.—

It appears from the report that the Out-door Relief Register has not been Kept for some months, and that the daily diet book for healthy inmates and the Clothing appropriation book have not been Kept during the past half-year. The Clerk and Master should be required to enter up these books, respectively, at once, and to Keep them regularly entered up in future as required by the Accounts order.—

As regards the state of repair of the Workhouse buildings, Mr Robinson states that the floor of the laundry requires to be levelled & repaired. He observes that the inclination of the floor from the centre towards the walls causes the water to stagnate under the troughs and form a nuisance. He also states that the boys' lavatory requires to be filled up, & he recommends that it should be connected by a pipe with the Water [illegible]-main in the Kitchen, which might,

he observes, be done at a trifling expense. The Board request that the Guardians will be so good as to give these matters their attention.—

With regard to the Workhouse rooms & stairs reported in Mr Robinson's report the Guardians direct the attention of the Master & Matron be drawn to same & that they be kept in proper order in future, and that the floor of the laundry be levelled & repaired as required, and also the suggestion made respecting a male attendant in the Mad Lunatic department will receive their attention. The Board at the same time direct the Clerk & Master respectively to write up the Out Door Relief Register and Healthy district book & Clothing appropriation book & Stock Rooms duly entered up in future. As to the new gates the Clerk informed the Board that the gate boys will be ready for Delivation in two weeks.

The Board admitted to the Infirmary a pensioner named Thomas Doyle with two child & fixed the sum of 4/- weekly to be paid by him towards cost of his Maintenance in Asylum.

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.

When the Clerk informed the Board that he could not possibly attend on that date being the day fixed by the Auditor for the purpose of auditing the Union Accounts, and he replied to Mr Brown accordingly.

Mr Swan asked permission of the Board to withdraw his Notice of Motion relative to the increase of the Workhouse Teachers Salaries when the Guardians agreed to same.

Notice read from Mr Finlay, Auditor, stating that he will attend on the 14th Instant to audit the Accounts for the Half-year ended 29th September last.

Denis Doyle, Rate Collector, attended before the Board & tendered his resignation of the office of Poor Rate Collector, which was accepted by the Board.

I have to report that I attended at Petty Sessions at Carnew on Tuesday the 7th Inst. to prosecute Catherine Byrne for stealing a blanket 23rd November last & Mary Donohoe for having deserted her child 2nd June 1886. That 3 or 4 tiles were blown off the ridge of men's range of buildings by the storm on Wednesday last, as also 1 each off ridges of Infirmary & new building. The roof of Kitchen & Laundry was stripped in several places, and 3 tiles blown off the ridge of Fever Hospital buildings from the same cause.

The storm also blew down the old wooden partition between the scullery & men's yards, completely breaking it up so that a new one will require to be erected, or a wall built similar to the one in the women's yard, as the wood work was old & rotten, having been only kept together by continually repairing it.

Wrote to the Contractor yesterday the substance of the above.

That Joseph Byrne & Patrick Cosgrove, two Tramps tore up their clothing yesterday morning. Ordered to be prosecuted.
