Topic

Economic Opportunity – Tourism - Shops & Services - Community Facilities

Submission

Late night cafes / shops are essential and badly needed to create touristic and people flow in the city all day long.

This won't only make our city more vibrant all day and all night, but will also create extra job opportunities and will also make our town SAFE through the night.

More pedestrian traffic at night = more safety

Topic

Infrastructure - Sustainable Movement – Transportation

Submission

The Dublin, Castle Road seriously needs reconsideration, this road needs reconstruction ASAP as part of the bus connects corridor, street needs traffic lights as the yield signs are not enough.

That road is an absolute disaster FIX IT ASAP PLEASE!
