were laid before the Board, and directions given thereon, as follows:—

PROCEEDINGS of the BOARD OF GUARDIANS as the RURAL SANITARY AUTHORITY.

Reports from the Sanitary Officers of the following Districts, viz. :—

DISTRICT	Name of Officer	General Subject	PARTICULARS

were read, and directions given thereon, as recorded in the Executive Sanitary Officer's Report Book.

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows:—

Read Letter Dated the 4th instant from Mr. J. H. Dooney, Solicitor, Dublin, transmitting a Deed and Memorial to be executed by Mr Thomas Hunt of Lamberton, Arklow. Conveying to the Guardians his interest in a certain parcel of land required for the enlargement of the Arklow Cemetery:

=

The Clerk informed the Guardians that on Saturday last he proceeded in company with Mr. Little C.E. to Arklow, and having paid over to Mr Hunt the purchase money for his interest in the land about to be added to the Cemetery, and getting him to execute the Deed and Memorial, prepared by Mr Dooney, in presence of proper witnesses, he then got into the possession of the land from Mr Hunt's son, who had been authorized by his father to act for him in the matter; He thereupon at once gave over possession to the Contractor, who at once proceeded to assist Mr Little in laying out the line of the new wall:

The Contractor undertook to at once enclose

the new ground with a rail fence, so as to protect it from the trespass of cattle during the time the boundary wall will be in course of being built.

The clerk further reported that he waited on Mr. Taylor, D.P. and Jurgis's Agent who expressed himself satisfied with the arrangements which have been made. Afterwards he called on the Rev. Mr. Dimpsey O.P. of Arklow in reference to the consecration of the ground; Father Dimpsey stated that he would take the necessary steps in the matter; and in the mean time, as soon as the rail fence is put up, should it be found necessary to open a grave in the new ground he will make provisional arrangements for its being done.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Read Circular Dated the 20th instant from the Local Government Board calling for a Return showing the expenses incurred by the Guardians of this Union for Medical & Educational purposes during the half year ended the 25th of March last.

Read Letter from Same, Dated the 21st instant in reference to the Guardians resolution of the 30th ultimo proposing to strike off as irrecoverable certain rates due on manufactory premises and on houses in the occupation of paupers.

The L.G. Board point out that the poverty of the persons liable does not in itself afford sufficient ground for declaring rates irrecoverable inasmuch as the liability attaches as much to the tenements as to the person rated, and a

subsequent occupier would be liable for the amount at anytime within two years from the making of the rate.

The Pump in the centre of the town has not been giving water for some months past owing to defective sucker, the water is however of an inferior quality; the sucker has been repaired for the purpose of obtaining a sample of the water for analysis which he recommends should be done; Should the Guardians consider it advisable to keep the pump in working order it will be necessary to have some repairs done, (as specified) the cost of which he estimates at £4.5.0.

~~stating that~~ transmitting for the information of the Guardians a copy of a letter which they have addressed to the Wicklow Dispensary Committee respecting the issue of Medical Relief Tickets in cases of natural labour.

The L.G. Board state in their letter to the Committee that Medical Relief Tickets must be addressed to the Medical Officer and not to the Midwife, who cannot be substituted for the Medical Officer who is entirely responsible as to the extent to which the services of the midwife are to be relied on in each case.

These Reports are to be made up and forwarded by the Medical Officers to the Board of Guardians quarterly, viz., on the 31st March, 30th June, 30th September and 31st December.]

Reports (Form P containing the names of Children born in the District who are over three months of age and have not been vaccinated) from the Medical Officers of the following Dispensary Districts, viz.:—

were laid before the Board, and directions given thereon, as follows:—

Reports from the Sanitary Officers of the following Districts, viz. :—

DISTRICT	Name of Officer	General Subject	PARTICULARS

were read, and directions given thereon, as recorded in the Executive Sanitary Officer's Report Book.

The following Letters from the Local Government Board for Ireland or others, relating to Sanitary Matters, were read, and directions given thereon as follows:—

Read Letter Dated the 17th instant from the late Secretary of the Wicklow Dispensary Committee stating that no mention was made on the circular summoning the meeting of the Committee held on the 12th Ultimo, that the question of providing a new cemetery for the Wicklow District would be considered, the idea being first suggested by a couple of members at that meeting.

Read Letter Dated the 17th instant from the Town Commissioners of Wicklow stating in reply to the Guardians inquiring that a Committee of their body has been appointed to investigate all matters in connexion with the question of providing a cemetery for Wicklow, the result of which will be communicated to the Guardians in due course.

Pending the result of the investigation in question the Guardians decided to allow the matter to stand over for the present.

2

Read Report from Professor Cameron of the analysis made by him of a sample of water taken from the well in the Village of Glenealy where it is proposed to erect a public pump, the water is pronounced by Dr. Cameron to be a good water.

Order -

Advertisements to be published inviting tenders for the erection of this pump, to be considered on the 1st of June; the area of charge to be fixed at the same time.

2

The analysis of the Water taken from the Public Pump at Newtown Mt. Kennedy, and the well at Roundwood not having been received yet, the consideration of these supplies was postponed, as was also the question of sinking a pump in the Village of Rathnew the whole place being a solid rock, and it being considered that a filter bed to purify the water of the river which flows by the village would be the most practicable scheme; Mr. Doyle was asked to make inquiries whether on well near the village can be made available.

Read certificate from Mr. Little E. Dated the 18th instant certifying that Mr. Byrne is entitled to receive an additional sum of £40 on account of work done in carrying out his contract for the enlargement of Arden's cemetery.

Order - To be paid £40.

The Contractor is informed that if he does not supply Whitehaven Coals, the Guardians will procure it elsewhere at his cost.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

Read Circular from Local Government Board, Dated the 30th Ultimo requesting to be furnished with a Return showing the total amount actually due by the Guardians to the Commissioners of Public Works in respect of the Loan obtained under the Seed Potatoes Supply (Ireland) Act 1890-1.

2

Read Letter from same Dated the 1st instant requesting to be informed of the reasons which influenced the Guardians in reducing the Clerk's Estimate for Rates to meet the requirements of the order ending 25th June 1893 by a sum amounting to about £722.

also pointing out to the Guardians that a uniform Rate of 1/7 in the £ seems to have been made on the whole of the Electoral

Division of Wicklow, whereas there is included in the Division the Urban Sanitary District of Wicklow, on which the Guardians are not Empowered to make a Rate for Sanitary purposes, and the Local Government Board wish to receive the Guardians observations on the subject.

The L.G. Board also point out that the Estimate does not appear to make any assessment on the purchasers of ~~Sanitary~~ ^{Sanitary} to meet the instalment which will fall due on the 1st of August 1893.

In reply to this letter the ^{82^d} Guardians desire to state (1) - That the Guardians of some of the Divisions considered that that the expenditure of the past year, upon which the Estimate was framed, was substantially swelled by the unusual amount of sickness during the period, and that they might fairly conclude that the expenses will be less in the year now to be provided for.

(2) There is no rate for Sanitary purposes in Wicklow Electoral Division, and there appears no more reason than heretofore why the Rates on the Urban and Rural portions should differ.

(3) The seed debts will be entered against each person liable therefor in the Rate Books and will be collected with the Rates.

=

Read Circular from same, Dated the 5th instant, calling for the usual Quarterly Return of Rates Made &c.

=

Read Letter Dated the 4th instant from the Commissioners of Public Works forwarding

for perfection by the Guardians Eight engrossed Deeds of Mortgage, securing to the Commissioners repayment by the Guardians of Certain Loans sanctioned under the Labourers (Ireland) Act 1883 for the purposes of that act.

also transmitting copies of resolutions for adoption by the Guardians, as follows -

6th day of July 1892

Proposed by Mr. J. J. Cowley, and seconded by Mr. H. St. John and Resolved -

That our Corporate Seal be affixed to Eight Deeds of Mortgage of this date now read, whereby security is given to the Commissioners of Public Works in Ireland for the repayment of sums amounting together to Two thousand six hundred and ten Pounds, proposed to be advanced by them to us under "The Labourers (Ireland) Act, 1883"

Charles F. Tottenham -

Chairman

6th day of July 1892

It was moved by Mr. J. J. Cowley and seconded by Mr. H. St. John, and resolved -

That inasmuch as this Board does not immediately require from the Commissioners of Public Works in Ireland the total amount of the sums mentioned in the Eight Deeds of Mortgage to them this day executed by this Board, but prefer to receive the same by instalments as occasion may require.

It is Resolved that the requisitions for each advance shall be intimated to said Commissioners by the Chairman of this Board for the time being countersigned by the Clerk of the Union.

And that each such requisition shall be forwarded to the Accountant of the said Commissioners and that all such advances shall be lodged to our account as Board of Guardians in the Willow Branch

of the National Bank.
