Read circular letter No. 948/1914, dated 29th January, 1914, from the Local Government Board referring to the provisions of the prescribed forms of contract and bond for the supply of medicines &c., under which the contractors were bound to deliver the goods, as ordered and required at the Workhouse and the respective Dispensaries in the Union, and also to arrange for the packing of the empties and for their conveyance back from the Workhouse and Dispensaries to the Railway Stations. The Local Government Board pointed out that it would promote competition for the contracts and in that way be a benefit to the ratepayers if a definite scale of charges could be framed for the local cartage and for the return of empties.
