

HAVE YOUR SAY ON THE SWAN RIVER GREENWAY

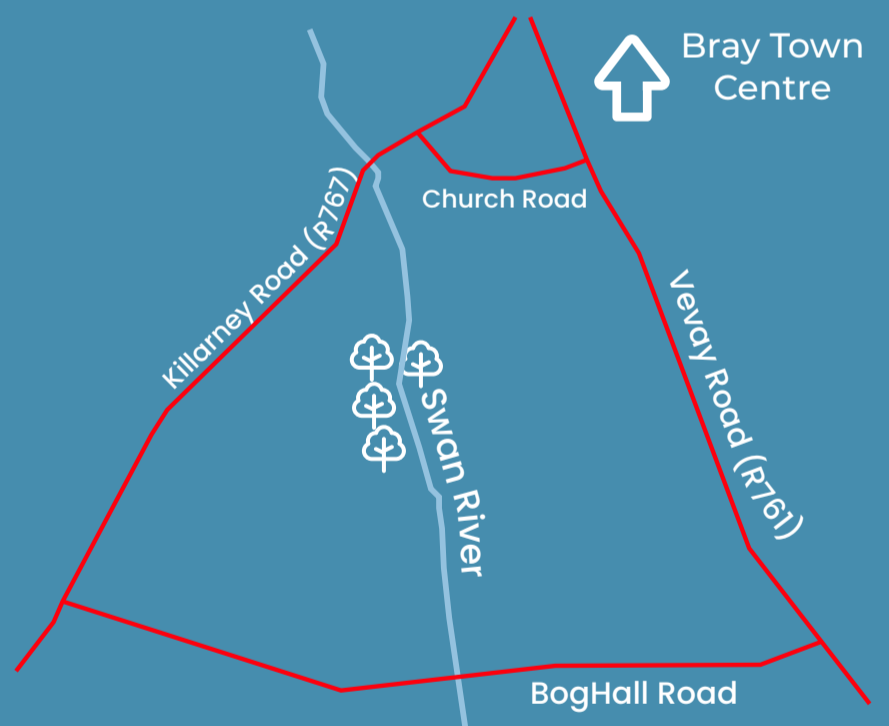

Wicklow County Council and the National Transport Authority are considering a new greenway and connectivity scheme along the Swan River in Bray's greater Oldcourt neighbourhood.

The scheme would aim to improve connections for walking and cycling in the area through a green route that celebrates the nature and heritage rich Swan River. The project would provide new green space access for local residents, while better connecting local neighbourhoods to schools, shops and other amenities.

We're engaging the community in an **early design stage** of the project to help us consider various aspects of the greenway proposal.
