## Topic

Heritage - Biodiversity- Green infrastructure- Climate Action- Energy

## Submission

The River Liffey must be rigorously protected. The toxins flowing off land into her has to stop. The Blessinton lakes therefore must be safeguarded. This has not been successful in recent times. Safe water treatment isn't an option it is essential to the web of life.

## Map

## Site Description:

Blessington lake through to Golden Falls and the liffey through Ballymore Eustace and onwards.
