21 st September 1906	M ^{rs} Allen Midwife of Arklow Dispensary District	Applying for 4 weeks leave of absence, and recommending M ^{rs} Marcella Doyle, of Arklow to do her duty for her services.	Order given & leave granted Nurse Doyle to receive £1 a week for her services.
22 nd Sept 1906	From Mr. Moore O.	stating that on the 21 st inst. he inspected the Dunganstown Dispensary; He found the floors throughout in excellent condition, and the boards have not shrunk the ceilings are perfect with the exception of one ceiling which was injured by the overflow of the gutter; He carefully examined round the inside and found the ceiling perfectly sound; All the doors are in good condition, with the exception of three to wit rooms, one being the door of the study which is being used as a day nursery or recreation room, the other to a disused dressingroom, and the third to a spare bedroom, these are slightly in twist but only require to be readjusted; The lock of one door is out of order; The door panel of the drawingroom is split, but on examination I find it was not caused by shrinkage but on the contrary by a blow of some heavy article, as beside the split there is a deep indentation; The doors throughout are full 2 inches thick which is unusual in houses 1 $\frac{3}{4}$ " being the more usual thickness; It was a pity D ^r O'Halligan did not inform me of these slight defects, at an earlier period, as Mr. McGowan has men in the Dispensary doing work when everything could then have been set right, but I feel certain that he will now have some done as any respectable Contractor would do so even though finished with the work; The painting of the woodwork throughout is in a very

dirty condition, and judging from its appearance the house will certainly require to be done up next year. The distemper on the walls has stood very well considering, and I may call your attention to the fact that when Dr. Halligan asked for the wall paper to be replaced by distemper, I wrote your Board warning them against the change, as it is a well known fact that distemper will not last on new walls. The zinc poles of the batteries have been burnt away, which was caused by someone leaving the bells continually ringing. They are only a small matter value about 1/6 and I feel certain Mr. McGowan will have the defect made right. I have written him with reference to the defect, and I cannot think that any respectable Contractor will not have it immediately made right.

The following report of the Committee was read —
Mr. Chairman and Gentlemen — Your Committee met at the Dinginstown Dispensary Residence on the 19th instant and beg to submit the following report
1st We found 3 ft 6 in. of water in the well, and Dr. Halligan told us he had got 200 Gallons of water into it the previous evening and that he has to draw 200 Gals. per day since the 17th of July. 2nd We found 4 doors in dwellinghouse warped, and not within one inch of closing. 3rd We found part of walls of dining room showing damp, also one bedroom very damp, the ceiling of which has large cracks in several places. We also found the door of the Dispensary with one panel split open, and we found the stable door badly out

No order
N ^o 8,124/1907 23 rd February 1907	Stating that they have had before them the minutes of proceedings of the Guardians at their meeting on the 11 th inst from which it appears that on the 30 th Ultimo Dr Hudson, Medical Officer of Newbridge Dispensary District became incapacitated from duty owing to illness, and that on his recommendation the R.O. employed Dr Cooke of Ferrybank in the District to act temporarily and reported the facts to the Guardians in the usual course, as the necessity still existed for the employment of a temporary Medical Officer the Guardians appointed Dr Ryan, Medical Officer of the Rathnure Dispensary District to act in place of Dr Cooke. Read letter dated 2nd March 1907, from Local Government Board, stating that they have sanctioned the allowance of an outfit to the Porter of the Workhouse at a cost of £6, and of an outfit to the Ambulance driver at a cost not exceeding £4:10:0 —

Read letter from same of same date, stating that they have had before them the minutes of proceedings of the Guardians on the 25th ultimo, containing an entry of a report by Sir Charles Cameron on a sample of milk sent to him for analysis which he states to have been adulterated with 57 per cent of water; and the Board request that they may be informed as to the Guardians' reasons for not prosecuting in this case, having regard to the very grave character of the adulteration —

Order — There not having been a sample retained, a prosecution could not be successfully carried — The Board have ordered that samples be taken monthly and portions of samples retained — I Short —

Read letter from same dated 5th March 1907, returning the vouchers furnished in support of the claim for recoupment in respect of the cost of the medicines and medical and surgical appliances obtained for use in the Union during the half-year ended the 30th September 1906; and stating that they have given instructions to have an item of 5/11 struck out of the claim — Attention is drawn to some other irregularities

The number of times they were relieved during the year, and
The aggregate period of each person's relief —

=

Read Circular letter from same of same date, stating, with reference to their Circular Letter of the 16th of January 1907, on the subject of the stock of clothing and bedding in Workhouses and the charges made each half-year in respect of wear and tear, that they are gratified to observe that the tentative proposals contained therein have been generally approved by the Boards of Guardians. Some proposals however, have been made by individual Boards of Guardians which the Board deem worthy of further serious consideration and therefore in view of the short interval of time now available for the purpose are of opinion that it would be more prudent for the current half year to continue the method of stocktaking laid down in Article 42 of the Union Accounts Order 1905.

The Board however impress on each Board of Guardians the importance of securing that by the employment of competent stock-takers, a proper value should be placed on the several articles of clothing and bedding in use at the

end of this half-year —

Order - To be complied with - P Short -

Read letter dated 11th March 1907, from Mr James Ellis, Rathdrum, applying for the appointment of Stocktaker for the half-year ending 31st March at the usual fee £3, having done the work on the two last occasions —

Read certificate dated 10th March 1907, from Dr Taylor, that Mr Bernard Manning is not yet able to resume his duties —

Order - One month's leave granted - P Short -

Read letter dated 28th February 1907, from Wicklow County Council requesting Clerks of Petty Sessions and Clerks of Unions, when Magistrates or Guardians are sending forward Lunatics to the Asylum, to have full inquiry made, and to write informing the Clerk of the Asylum whether the relatives of the Lunatic can contribute anything, and if so, how much, towards his or her support —

Proposed by Mr. J. Carey, Seconded by Mr. James Galvin

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively), as follows:—

Read Letter dated 25th March 1907 from Local Government Board, stating that they have received the Half-yearly Report of their Inspector Colonel Kirkwood, consequent on his recent inspection of the Workhouse —

Colonel Kirkwood reports favourably as to the financial position of the Union, and the discharge of their duties by the Officers of the Workhouse, he states that there are water-closets in all departments except the probationary wards, and he recommends that similar closets should be provided in the wards mentioned —

External painting is reported to be much required, and should be carried out during the ensuing summer — The Inspector suggests that some more iron bedsteads should be provided in the main body of the Workhouse —

The Visiting Committee have met and reported on only one occasion during the past half-year, and the Board draw attention to the requirements of Article 59 of the Workhouse rules on this subject.

Order — Referred to visiting committee — I.B. 8.4.07

=

Read Letter from Same dated 27th March 1907 stating, with reference to the entry in the Minutes of Proceedings of the Guardians on the 25th March, and to previous correspondence on the subject, that under the circumstances now set forth in the minutes, the Board will raise no further objection to the contracts proposed to be entered into for the supply of Medicines and Medical and Surgical Appliances to the Union —

Read letter from same of same date, requesting that Clerks of Unions when submitting for signature requisitions for Medicines and Medical and Surgical appliances on the prescribed list, make out the gross cost thereof for the information of the Guardians, and enter this amount in the column provided in the minutes for the purpose -

Similarly, in the case of extra Medicines and appliances, the estimated cost should be stated -

Order - To be complied with - J. B. 8. 4. 07

Read letter from same of same date, forwarding a supply of special indoor and out-door forms to contain the particulars required by the Boards letter of the 8th instant, and giving instructions for filling up same, so that the particulars may be readily available on the 1st of April 1908 -

Order - To be complied with - J. B. 8. 4. 07

The Local Government Board cannot find any statutory authority for such payments being made out of Union funds

Read letter from same dated 5th April 1907 transmitting forms for the return of officers of the Union and requesting that the form may be forwarded in duplicate to their office as soon as possible —

Order - To be complied with - J. B. 8. 4. 07

Read letter from same of same date transmitting a form for a statement showing the sums paid by the Guardians for Medical and educational purposes in respect of the half-year ended the 31st ultimo, and requesting that the statement in duplicate may be sent forward as soon as possible —

Order - To be complied with - J. B. 8. 4. 07

Read letter from same dated 6th April 1907 stating that they have had before them minutes of Proceedings of the Guardians on the 25th ultimo containing reports of Sir Charles Cameron on his analysis of two samples of the milk supplied to the Workhouse. The Board observe that the Guardians' order on this report was to the effect that the Contractors who supplied the milk should be severely reprimanded; and with reference thereto, they desire to point out that milk constitutes a most important element in the dietary of the Workhouse inmates, especially that of the infants and the sick, and that such conduct on the part of the Contractors as is indicated by the Analyst's report may probably affect the health or even the lives of persons belonging to either of these classes —

In

In these circumstances the Board cannot consider that the action of the Guardians in merely reprimanding the contractors, was an adequate discharge of their duty in this case, and they would point out that proceedings should at once be taken against the persons concerned -

Order - Guardians have cautioned contractors and threatened proceedings if milk is found deficient in future. — J. B.

=

Read Notification dated 2nd April 1907, from Wicklow County Council that they have placed to the credit of the Union the sum of £2624:0:0 being 1st instalment of Demand —

=
