RE: SUBMISSION FOR CONSIDERATION - GREYSTONES-DELGANY & KILCOOLE LPF

To whom it may concern,

We write on behalf of our client Mr Liam Kennedy to make a submission to the above draft LPF.

Introduction:

The existing settlement lands in question comprises approximately 11 hectares and is located at the Junction of Ballyronan Road and Kilquade Hill Road and extends south to Woodstock Road (Newtownmountkennedy – Kilcoole road). Lands located to the North and West of the existing settlement are primarily agricultural fields. Kilquade House and estate are located to the east.

Situated 1.5km west of the centre of Kilcoole Village the existing land use is that of dwellings with generous gardens, see fig 1. All public services are readily available within the area.

Currently the site is just outside the current LAP town boundary, see fig 2. Under the current CDP Settlement Strategy, the land is designated to be Level 10 Rural Area (Open Countryside).

Suite 3, The Eden Gate Centre, Delgany, Co. Wicklow, A63 C966.

Proposed Submission:

We would argue that this land should be included within the draft LPF town boundary and assigned an appropriate Existing Residential (RE) zoning for the following reasons:

- Existing Established Residential Settlement.
- All existing public services are available in the area.
- Located 1.5KM from Kilcoole Village Centre.
- Located within very close proximity to several employment zones, including Druids Glen Golf Club and Hotel, Kilcoole Industrial Estate, Bullford Industrial Estate, Network Industrial Park.
- Located close to educational facilities.
- Serviced land and generous plot sizes make appropriate infill development feasible.
- This residential settlement should no longer be considered as 'open countryside'.

We have indicated on the enclosed drawing the following:

- Fig 2 – Existing GDKLAP Land Use Zoning Objectives.
- Fig 3 – Proposed Extension to draft LPF town boundary.
- Fig. 4 – Proposed Land use zoning to become; Residential Existing (RE): "To protect, provide for and improve residential amenities of adjoining properties and areas while allowing for infill residential development that reflects the established character of the area in which it is located."

- Fig. 5 – Overview of the proximity of the land in question to the Existing LAP town boundary and the Village Centre.
- Fig. 6 – The location of the existing public services in the area including, foul sewer, surface water sewer, watermains and broadband.

Summary:

We believe that the inclusion of the above within a new LPF town boundary will help facilitate modest infill development and will utilise the existing generous plot sizes in a sustainable manner allowing for a moderate increase to the housing stock in the immediate area.

Due to its close proximity to the urban setting / small growth town of Kilcoole, the existence of all public services in the area, we feel that it is not appropriate for this existing settlement to be designated as a Level 10 Rural Area (Open Countryside) area.

The inclusion of this existing settlement within a new LPF town boundary will act as an obvious 'bookend' between the urban settlement and the open countryside located to the north and west of the settlement. We trust the above will be given consideration during this review process.

Yours Faithfully

Michael Browne
