07/01/2026	Other	1. Housing Update Reports – Municipal District Meetings My request relates to the standing agenda item titled “Housing Update” (or equivalent wording) that appears on both the Greystones Municipal District and Bray Municipal District meeting agendas. I am seeking copies of any housing update reports prepared for, circulated to, or relied upon at these meetings for the period November 2024 to the date this request was received, where such a report exists. I have already reviewed the relevant agendas and minutes, which confirm that this is a standing agenda item. Accordingly, the report either exists (in formal or informal written form) or it does not. If no written report was prepared for a particular meeting, confirmation of that position is sufficient. 2. Supporting Records Relating to the Housing Update Agenda Item This element of my request is strictly limited to the housing update agenda item only. Where, during discussion of the housing update item, the official minutes record that the person providing the housing update stated that: 1. clarification was sought from, or provided by, the Housing Section or Head Office (for example, “I have confirmed by email with the Housing Department...”), or 2. councillors requested that the Municipal District contact the Housing Section for clarification on a housing matter and report back, or 3. information was conveyed to members based on email correspondence, written clarification, briefing notes, or a report from the Housing Section, I am seeking copies of the specific written	Refusal	04/02/2026

		records relied upon to provide that housing update, such as the relevant emails, written responses, briefing notes, attachments, or reports. For the avoidance of doubt, I am not requesting a general trawl of meeting-related correspondence. This request applies only where the minutes themselves record that housing-related information was obtained from, or provided by, the Housing Section and relied upon in the delivery of the housing update. From a governance, records management, and audit perspective, it would be expected that such written communications — where they are explicitly referenced in the minutes — are retained and tracked to completion as part of the administrative record supporting that agenda item. 3. Tenant Purchase Scheme – Internal Documentation For clarity, I am seeking current internal policies, procedures, operational guidance, circulars, or working documents used by Wicklow County Council in the administration of the Tenant (Incremental) Purchase Scheme 2016. Historic or superseded tenant purchase schemes are not within scope. 4. Affordable Housing – Internal Documentation I am seeking current internal policies, procedures, operational guidance, and assessment documentation used by the Council in processing applications under the Local Authority Affordable Purchase Scheme. Historic or superseded affordable housing schemes are not within scope. 5. Records Available Online Where any of the records sought are already publicly available on the Council's website, I would appreciate if the relevant URLs could be provided. 6. Communication and Accessibility Finally, I wish to raise a concern regarding the tone and clarity of correspondence. As		
--	--	--	--	--

		you are aware, I have previously raised issues regarding tone and accessibility of communications, and apologies were issued on those occasions. I am a person with disabilities and have explicitly requested clear, plain-English communication. Where clarification is required, a neutral, service-focused approach (for example, “I would appreciate if you could clarify...”) is appropriate. Phrasing such as “please identify them in a clear, condensed manner” is not appropriate in this context and does not align with accessibility best practice, customer service standards, or the Council’s own customer charter. I trust this can be addressed going forward.
