## Topic

Regeneration of Communities & Places - Healthy Placemaking - Urban Design - Opportunity Sites in Blessington

## Submission

1. As a family with children I would love to see the 1000 pupil secondary school, what's available at the moment for post primary is sub par!
2. My son plays Rugby and Football and we have to commute by car to the football pitch At crosschapel, it is not safe to travel by foot or bike. The Rugby team have no home/club house etc. It would be great to see some of the land given as a combined sports fields with clubhouse for local groups to use and Astro pitches etc
3. Already the traffic volumes have massively increased and the completion of the inner relief road is essential.
4. Better and more frequent public transport to Dublin would be a dream. The 65 is infrequent and the current route takes too long to reach the city centre. The option of a shorter faster route with less stops once/twice a day.
5. It would be great if the use of the old Downshire Hotel and Ulster bank were used for business/leisure/regail etc rather than turned into apartments etc
