Mr. Lovell as directed accordingly summoned Healy in two cases at Lucan Petty Sessions to give evidence in the case as to identity the mother of the child, when Mr Tormey Solicitor appeared for Healy and objected to his being examined by the Magistrates in evidence, and the Magistrates (who were two) in each occasion decided that they had no power to compel Healy to give evidence against the Woman & dismissed the case accordingly & declined to issue fresh summonses in the case.

The Board agree to postpone the Consideration of the above recommendation

The Reports of the Master and other Officers were read, and Orders made thereon, as follows :—

The master reported that the Constabulary Police applied to him about 12 O'Clock on Saturday last 22nd inst. to send the Van for a man named Thomas Rafferty, a Tramp, aged 60 years who called at their Barracks on that morning in a weak state. The Van was out for another patient at Blacketstown on same day and he could not send it till it came back, but told the policeman that Br. Cahill Relieving Officer had power to employ another Car which he the Master had not.

The police however obtained a car themselves and sent him into the Workhouse and he was admitted to the Infirmary at about 4 O'Clock the same evening: the usual stimulants & nourishment administered to him but he died about 8 O'Clock the next morning.

The medical officer was not got to him, as no application was made to Miss Dugan, to send for

him, It was received by the Master, which is the usual course observed here -

At the Board held on the 24th instant the following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:-

Philips Town of Carnew in the County. Miss Dugan Inpirmary Nurse stated in evidence, she did not Consider it necessary to send for the Medical Officer as the patient after getting some stimulants & boiled milk appeared very much better and that, he said he did not want either Dr or the Priest.

The following was the Verdict viz,

"That deceased Thomas Rafferty died in the Shillelagh Workhouse on the 23rd day of November 1879, from natural Causes".

With regard to the forging report the Infirmary Nurse, Miss Dugan, was Called before the Board who said in explanation that the man appeared so very much better shortly after his admission & no appearance of death, that she saw no necessity for sending for the Medical Officer & the man himself told her he did not want either the Priest or Doctor until tomorrow,

The Guardians directed Miss Dugan Infirmary Nurse in future always apply to the Master to send for the Medical Officer in all such Cases.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):

No. 24,819 26th November 1879

Letter read from the Local Government Board for Ireland to forward Copy of a letter which they have received from the Rev Walter Sinnott P.P. of Tinnahely intimating his willingness to accept the Office of Roman Catholic Chaplain of the Workhouse, and expressing an opinion that his appointment to the Office should under the circumstances stated in his letter be dated from the 25th September last.

The Board also inclose a Copy of their reply

No. 24,378 25th November 1879

Letter read in reference to a report from the Master of the Workhouse to the effect that the flooring of the Sick Ward is in a dangerous Condition and with reference to the proposal to remedy the defect Complained of by new boarding, the Board have to point out that timber is not a suitable material for a Work of this nature as it would soon decay and again become dangerous, and they would accordingly recommend the Guardians to use, instead some Iron Covered with Stone flags.

In reference to the subject referred to in the foregoing letter the Guardians beg to express their opinion that Oak Sleepers 9 in. by 3. (which Can be procured as necessary without delay) boarded over with whole planks would last for a very long period, and direct the Master to employ a Man to execute the work properly at reasonable Cost.

No. 25009 27th November 1879

Letter read with reference to Guardians' resolution proposing that a sum of Two Guineas be paid to Dr. Byrne of Aughrim for assisting Dr. Coby, Medical officer of the Tinahely Dispensary District in two difficult Cases of Midwifery, the Board request that they may be informed whether the additional assistance was obtained through the Relieving Officer in these Cases

In reply to the above letter the Guardians have to inform the Local Government Board that the assistance mentioned was not obtained through the Relieving Officer, as the Cases appear to not admit delay to send to his residence.

Item 3 and relative to the proceedings for Child desertion instituted by the Guardians at Lawn Petty Sessions against a woman named Catherine Blake in which it is stated that they could not legally compel the man Healy, at whose house the child was deserted, to give evidence against the defendant, the Local Government Board for Ireland desire to inform the Guardians that they have received from the Office of the Chief Secretary for Ireland the opinion of the Law advisers on the Case, which is to the following effect:-

"If the woman could be made amenable by serving a Summons on her to appear at Petty Sessions it would be better to have the Summons served rather than to arrest on Warrant as the offence is punishable summarily, But if she cannot be made amenable by Summons she may be arrested under 10 & 11 Vic, Cap, 84, Section 5.- In either Case Healy may be summoned to give evidence and Committed if he refuse to answer".

No. 25,573 — 2nd December 1879

Item 3 and to acquaint the Board of Guardians that they have received Dr. Mac Cabe's half yearly Report on the Rathdrum Union which is of a satisfactory character both as regards its financial position and also as regards the general management and appearance of the several departments of the Workhouse.

The following observations, however, are made by the Inspector in regard to some matters which require attention.

The lower stock of blankets and quilts is at present low. The workshop in which boys are trained under the Shoemaker and Tailor requires a new stove without delay. The old one will not work and the room is exceedingly cold: The gutters and rain shoots are much neglected and in one place the wind has driven in upon the building.

The Stairs of the probationary Wards would be made safer by inserting spindles if provided with a handrail.

The Local Government Board have no doubt that these matters will receive the necessary Consideration.

In regard to some observations of Dr. Mac Cabe mentioned in the foregoing report the Guardians desire

to inform the Local Government Board that they have received a supply of blankets since the last Board day sufficient for the present, and this day have issued an order for more. They also direct the Clerk to communicate with Messrs Dockrell & Co, of Dublin in reference to the supply of a new Stove for the workshop of the Tailor and Shoemaker, and likewise invite tenders to be considered this day fortnight for matting for the Stairs of Probationary wards.

With respect to the gutters and area sheets the Contractor, Thomas Dixon, was called before the Board & directed to have such put in order without delay

Order under seal, dated 2nd December 1879, was read from the Local Government Board appointing the Rev. W. S. Sinnott being a Clergyman of the Roman Catholic Church, to be a Chaplain of the Workhouse.

~~*The Report of the Visiting Committee was read, and Orders were made thereon as follows:—*~~

The Master reports that an inmate named Mary Dmohn deserted her child on the 6th instant and that 2 inmate name Wm Livesten & Richard Coughlin were disorderly and assaulted each other on the 5th & 9th instant, they are both patients in the Infirmary

Ordered to be all prosecuted.

The Clerk reported that Mr. Brown, Auditor, attended on the 8th and 9th instant to audit the Union accounts.

Mr. Brown wrote in the Provision Check Books as follows: viz.

The Master has not in any one week of this Half Year entered the Rations issued, but simply charged on the Credit side of the account whatever he may have issued but which I have no means of checking; and this the Clerk who appears to know no more of his duties in this respect than in many others, has permitted

The Master should on putting charge, each week, the Rations issued in the different Columns provided for the purpose, so that it may be seen by the Guardians what have been issued in the Healthy portion of the Workhouse as well as in the Hospital

~~The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—~~

He should also have an Scale with which he could check the quantities of the different articles charged here

I find that for the 14th last Weeks of the Half-year there has not been a single patient in the Fever Hospital in which there is a paid nurse; yet for each of these weeks there has been an Extra allowance of Milk, Tea and Sugar, charged for two assistants some weeks and one assistant other weeks, who were helping the nurse to do nothing

The Board postpone the Consideration of the foregoing observations until this day week.

Mr. Fortune proposed Mr. Barton seconded & passed unanimously as follows. Viz.

"That in consequence of the Years of Agricultural depression the period for the last Collection & Lodgment of the Current Poor Rate, be extended for the space of two months from the 19th March 1880; and that part of Guardians' resolution relating to the date of such last Collection & Lodgment of Rate, be rescinded".

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):

No 6769 11th March 1880

Letter read from the Local Government Board for Ireland to state they have received a report from their Inspector Dr. Maclean in which, with reference to recent cases of distress in the Union, attention is drawn to the apparent adoption & practice by the Guardians of a fixed rule against the administration of Outdoor relief and in reference thereto the Board desire to point out to the Guardians the impropriety of adhering in a period of exceptional distress such as at present to a rule of Conduct which it is to be presumed had its origin in circumstances very much more prosperous and the strict observance of which at this time may probably result in some hardship to the poor.

The Local Government Board request that the Guardians will be good enough to take this subject into their immediate Consideration

In regard to the foregoing letter the Guardians have to observe that in accordance with the desire of the Local Government Board they are not averse to afford Out door relief in cases of exceptional distress & directed their Relieving Officers to act accordingly.

No. 7100 11th March 1880

Form sent to transmit to the Guardians the accompanying Communication which they have received signed by Mr. Richard Kelly and other Ratepayers resident in the Blackditch Electoral Division of Shillelagh Union relative to the administration of out door Relief in the Union; and the Board request that they may be furnished with the Guardians observations thereon.

You will be good to return the enclosed document to this office.

In reference to the above letter the following observations have been received by the Chairman viz.

The Relieving Officers have acted impartially & in accordance with 10 Vic. C 31. sec 7. in all cases brought before them.

The Board of Guardians state "that of the Ex-Officio Guardians" who if so included" do not attend in sufficient numbers to influence the Board in the matter of Out door relief.

The numbers in the House have not increased to any extent since last year.

The Guardians have seen the usual notices relative to Rate &c in the Local Newspapers

The Board are informed that 6 cases of distress were reported to Dr. Maclean and on inquiry by the Relieving Officer they were found to be employed in receipt of good wages

The Clerk's Report of Vaccination was read—(this on the first Meeting in every Month)—Number of successful cases:—

The ~~Report of the Visiting Committee was read, and Orders were made thereon as follows:—~~

The Master was directed to supply 3 Workhouse school children named respectively Sarah, Jane, and John Murphy with a suit of clothes each on their leaving the Workhouse

The Board appointed Mr. Foley & Mr. Workman, Poor Law Guardians, as a Committee with the Clerk to take Stock of Provisions, Clothing &c, in the Workhouse for the half year ending 25th inst.

The Board proceeded to consider as deputed from the last Board day the Auditors observations as entered in the Provision Check Book when the Clerk, Workhouse Master, and Dr. Daniels Medical Officer respectively explained in writing as follows, viz,

I beg to submit a Provision Check Book of the Union for the year 1870 (previous to my appointment) from which it appears that the necessaries issued to the Workhouse were only entered in the Consumption side of such Book, which so continued to be entered precisely in the same manner up to the present

(signed) B. Hopkins Clerk of Union

I beg to state that I have entered the articles issued as necessaries in the Workhouse similar to the way they had been entered when I was appointed Master of the Workhouse: there being no departure therefrom since, and desire to draw the attention of the Guardians to their minute of the 28th March 1870 as follows:

"That we consider that as the articles Consumed as necessaries such as Coals, Candles &c in the Workhouse must necessarily vary according to the season of the year and the amount of sickness prevailing, we leave a discretionary power in the hands of the Master"

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

I hereby to add that in future I shall enter the articles agreed to, in accordance with the directions of the Auditor in the columns of the Expenditure folios of Provision Check Book, as well as in the Consumption folios where they have appeared heretofore.

(signed) Michael Dwyer, Workhouse Master

My attention having been called to the following note made by Mr. Bevins Local Government Board auditor viz,

"I find that for the 14 last weeks of this half year, there has not been a single patient in the Fever Hospital in which there is a paid Nurse. Yet for each of these weeks, there has been an extra allowance of Milk, Tea & Sugar, charged for two assistants some weeks, and one assistant other weeks who were helping the nurse to do nothing"

I wish to make the following statement

1st. That the assistants or assistant were not helping the nurse to do nothing, but were Cleansing, airing and

Keeping in a state of Efficiency a Fever Hospital supposed to be kept open in such a state for the reception of Fever Cases from all parts of the Union Admission Board for Ireland were laid before The Board, and directions given thereon, as follows:—

2ndly That in my opinion as a Medical man it would be highly injudicious to send assistants from an Hospital infected by the most virulent form of Typhus into the Body of the Workhouse whereon the Hospital happened to be without a Patient

3rdly That it would be a most improper thing to leave a man in an Hospital in such an isolated situation without a single living in the House but himself, and for my part I Cannot imagine how a Fever Hospital could be kept Cleaned and aired without an assistant as the only Duties of the man are to attend to the wants of the Patients whereon an Hospital.
