The following Letters from the Poor Law Commissioners and others were read by the Clerk, and directions given to answer them respectively, to the following effect, / or Orders made on them respectively as follows:)

700. 52 5 July Form sent for return of rates made or agreed upon

7 July Letter read from Secretary of National Education with the report to be forwarded for the information & the Guidance of the Rathdaff Board

The literary acquirements of both the teachers are tolerable but the male teacher's Method of conducting the business is not satisfactory The female teacher is much better

In the male school the pupils are classed too high There were few in any of the classes whose reading was not inaccurate & indistinct & it was not discernable that any effort had been made to correct them

9

intelligence & questioning them upon the substance of what they had read Grammar & Geography are almost entirely neglected The boys composing the fifth class to the four questions circulated for the female and Rathdaff Gaol and in the other classes the Children had a fair knowledge of the tables & the female school the pupils double nearly the number of the male but notwithstanding this the result of the examination was much more satisfactory The Children brought a fair amount of intelligence & interest & several Foolscap of the lesson books, The only perceptible fault is that they read too rapidly on the whole however the answering in the several subjects was tolerably fair The Slates were remarkably clean & neat & their demeanour orderly & becoming

There is neither general lesson or time table in either of the school rooms

Clerk directed to advertise for tenders for Bread Oat Meal & Indian Meal, to be considered on this day week.
