We as a family are totally against this. The land should be kept the way it is. Wicklow coco are trying to plan new sites for properties but yet do not address the needs of current residents and issues we have. The impact of this will be far more than what people who dont live here will have to physically and mentally deal with. Enniskerry should stay the way it is and not be considered for more planning. Ruining the last bit of scenery enniskerry has. Has the impact on current residents of kilgarron park been discussed to the residents? No. The field between kilgarron park and eagle valley has wild habitats current living there ruining there natural living grounds. (Deer &foxes). Residents were told in last year's budget kilgarron park would get money to repair roads and footpaths that are hazardous. These should be dealt with before wicklow coco starts looking at planning housing and how this is going to impact current residents.
