## Topic

Community Development (inc. sports facilities & schools, etc)

## Submission

Use the lands available for a sports center and also build an art centre. There are so many good artists locally and it would be nice if they could expose their work in a specific place.

Build a community center where professionals could rent rooms to offer classes like yoga, pilates, dance class, for adults and kids. More variety of shops for clothes with affordable prices.

Have a cinema as well for leisure.

Add an additional train line before 6:33. This line is always very busy and sometimes even hard to find a place to sit. For early mornings, during the week, there should be a train every 30min from 5:30. The traffic in the N11/M11 is getting bigger for the last 2 months for those leaving town around 6am and with more houses being build, it will get much worse. Early trains would really help. The same from Dublin to Wicklow town, after 4pm, trains should be every 30min.
