Maps:

Arklow United Football Club would like to see the inclusion of more sports playing areas in the town development plan. The club's current facilities are not sufficient for us to continue to provide a sporting outlet for the next generation of young people in Arklow. The club are willing to continue to invest in order to help develop our young people into well rounded individuals who can help to make a contribution to our town for future generations and passionately believe that the town needs to have the foresight to develop sports facilities for our young people especially with the projected housing developments in the area. We have identified a site owned by the council which if rezoned from employment to recreational could possibly become a sports hub for the community or at the very least, be used as a second pitch for Arklow United FC. The club are also open to any alternative suggestions from the council with regards to a new playing pitch.

Map

Site Description:

Site is in between the Gorey Road and the Arklow bypass. It's currently zoned for employment but if a section of it could be zoned recreational, it may be possible to construct a playing pitch onsite.
