 - (a) **To consider the Notice of Motion in the names of Cllrs W O'Toole and P. Leonard received on the 11th June 2025**

"That this Municipal District prioritises the extension of key footpath infrastructure in areas experiencing increased residential, pedestrian, and vehicular activity, with particular attention to road safety and access to public amenities.

Specifically, that this Council supports and seeks the necessary design work and funding to extend footpaths at the following locations:

 1. *Along the L-2190 (Coolgreany Road) from the end of the existing footpath out to McGrath's Cross, including a continuation along the L-6187, to ensure safe pedestrian access along this increasingly trafficked rural corridor.*
 2. *From Emyvale on the Johnstown Road to the entrance of Glenart (via Ballyduff North), supporting safer walking routes for residents, schoolchildren, and visitors accessing Glenart Woods and surrounding residential areas.*

3. *From the halting site on the Vale Road (R747) to the Glenart entrance, closing a critical gap in pedestrian infrastructure and improving accessibility for families, children, and those without access to transport.*

These extensions would support road safety, inclusive mobility, and active travel goals, and align with the wider commitments in the Active Travel Programme and Town & Village Renewal schemes”
