Harbour Master's Report
19th February 1918

13 Steamers arrived during the month their register tonnage being 2061, and cargo tonnage 1815. During the same period 12 Steamers and 6 Schooners sailed their export tonnage being 391.
James Goodman. Harbour Master.

Read letters dated 4th & 11th February 18, ^{from Mr Burgess} requesting to know if a Steamer of 440 tons could load timber with safety in Wicklow Harbour.

The Secretary stated that he informed the Director of Transportation that we did not anticipate any difficulty in dealing with a Boat of this size, and that in all probability she would have to finish loading at Steam Packet Wharf

Resolution

Proposed by Mr M. J. OBrien

Seconded by Mr. W. H. Haskins

Resolved

That the reports of the Finance Committees dated 15th January 1st Mar 1918 be hereby confirmed and adopted and that Treasurers Advice Note for making payment to the several parties named therein be now signed by direction and on behalf of the Commissioners amounting in the aggregate to the sum of £45.1223.6 respectively

Resolution

Proposed by Mr Henry Hamilton

Seconded by Mr Francis Murphy

Resolved. We hereby authorise Messr. Lawrence A. Waldron & Co. Stock Brokers to purchase as much 5 War Loan Stock as will with the expenses exhaust saying Order for £23108

Harbour Master's Report

15th January 1918

Steamers, 1 Schooners & Fishing Boats arrived during the month, their register tonnage being 1568 & Cargo tonnage 22839. During the same period Steamers & Schooners sailed their export tonnage being 891 tons

James Goodman Harbour Master.

Harbour Masters Report

19th February 1918

13 Steamers arrived during the month their register tonnage being 2061 and Cargo tonnage 1815

During the same period 12 Steamers and 6 Schooners sailed their export tonnage being 391

James Goodman. Harbour Master
from Mr Burgess

Read letters dated 4th & 11th February 18 requesting to know if a steamer of 470 tons could load timber with safety in Wicklow Harbour.

The Secretary stated that he informed the Director of Transportation that we did not anticipate any difficulty in dealing with a Boat of this size, and that in all probability she would have to finish loading at Steam Jacket wharf

Read letter from Messrs Miller & Co stating that they are experiencing great difficulty at present with reference to the shunting of waggons at Wicklow, and that they intend to purchase a small engine for this purpose, and to know if the Harbour Board would have any objection to their doing so.

The Secretary stated that he had informed Messrs Miller & Co, that the Tramway was vested in Earl Fitzwilliam, and that the Harbour Board had no power to give permission; but should they get permission, the Board would hold them responsible for any damage they may do to the Quay & Pier.

Read application from Messrs Miller & Co for permission to encroach the same distance out on the Quay in order to erect another Crane, as in the case of the previous Crane.

Resolution

Proposed by Mr W. H. Haskins

Seconded by Mr Charles Davis

Resolved "That permission be given to Messrs Miller & Co to encroach
" the same distance on the Quay with the erection of the
" new Crane as in the case of the previous Crane.

Read letter from Mr J. A. Batten, W. J. stating that it would not be necessary to darken the Pier head Lights.

Read letter from Mr Newbold forwarding notice of appeal to be sent to the Surveyor of Taxes.

Auditor's Report
18th Feb 1918

Gentlemen,

I have the honour to report that I have audited your accounts as Commissioners of Wicklow Harbour for the year ended 31st December 1917, and I forward, herewith, duly certified abstracts thereof.

It is satisfactory to note that the principal sources of Revenue of the Harbour have shown a considerable increase amounting to

Read letter from Messrs Miller & Co stating that they are experiencing great difficulty at present with reference to the shunting of wagons at Wicklow, and that they intend to purchase a small engine for this purpose, and to know if the Harbour Board would have any objection to their doing so.

The Secretary stated that he had informed Messrs Miller & Co. that the Tramway was vested in Earl Fitzwilliam, and that the Harbour Board had no power to give permission; but should they get permission, the Board would hold them responsible for any damage they may do to the Quare & Sir

Read application from Messrs Miller & Co for permission to encroach the same distance out on the Quarry in order to erect another Crane as in the case of the previous Crane

Resolution

Proposed by Mr. D. H. Haskins

Seconded by Mr Charles Davis

Resolved That permission be given to Messrs Miller & Co to encroach the same distance on the Quarry with the erection of the new Crane as in the case of the previous Crane.

Read letter from Mr J. A Britten, I stating that it would not be necessary to darken the hier head sights.

Read letter from Mr Newbold forwarding notice of appeal to be sent to the Surveyor of Taxes

Auditors report

18th Feb 1918

Gentlemen

I have the honour to report that I have audited your accounts as Commissioners of Wicklow Harbour for the year ended 31st December 1917 and I forward herewith, duly certified abstracts thereof

It is satisfactory to note that the principal sources of Revenue of the Harbour have shown a considerable increase amounting to

£174.10.4 as compared with that of the year 1916; the figures are as follows:-

Source of Income	1916	1917	Increase
Harbour dues	£304..8.4	£384..18.4	£80..10.0
Import Tolls	219..12.4	271..4.11	51..12.7
Export Tolls	122..9.0	167..16.9	45..7.9
Totals:-	£646..9.8	£824..0.0	£177..10.4

"Sundries" which also shows an increase of £47.16.10 owing to refund of Income Tax, referred to later, brings the total increase of revenue during the year up to £225..7.2.

On the other side of the account, I regret to say that the ordinary expenditure shows substantial increases in spite of the necessity of economy so often urged as a matter of vital importance.

The following figures are set out by way of illustration:-

Head of Service	1916	1917	Increase
Salaries	£139..1.5	£184..7.8	£45..6.3
Sighting of Quays	35..12.5	48..9.0	12..16.7
Repairs to Quays etc	6..13.7	244..0.0	237..6.5

With respect to the first item of Salaries it appears that on 20th February, 1917, a War Bonus of 5/- per week was granted to the then recently appointed Harbour Master for the duration of the War. This resolution was arrived at in pursuance of Notice of Motion duly given at a previous Meeting and took effect immediately. Shortly after the Harbour Master became incapacitated from duty by illness and a Deputy was appointed to discharge his work, a very proper arrangement which lasted for some 12 weeks. Nevertheless, not only the Salary, to which no exception could fairly be taken, but the War Bonus was paid to the Harbour Master during his illness.

Again, it appears that on 21st December last, a special gratuity of £21 was paid to the Secretary. I have referred to this matter in my certificate and it is right that I should set forth the reasons for which I regard the propriety of the payment as doubtful:- In the first place, there does not appear to have been any written application from the Officer concerned and, unlike the case of the Harbour Master, there was no Notice of Motion. Secondly, in the case of the Harbour Master the War Bonus took effect only from a date after the resolution was passed, but in the case of the Secretary, according to the Minutes, it purported to be in respect of the antecedent 4 years. (The accounts mention 3 years). Thirdly the payment is said to be partly in respect of loss of salary caused through reduced revenue of the Harbour. Now the

177.104 as compared with that of the year 1916 the figures are as follows

Source of Income	1916	1917	Increase
Harbour Dues	3048.4	384.184	£80.10.0
Import Tolls	21914	2714.11	51127
Export Tolls	1229.0	167 16.9	454.9
Total	1646.98	1824.0.0	177. 104

Sundries which also shows an increase of £47.16.10 owing to refund of Income tax, referred to later brings the total increase of revenue during the year up to £2257.2

On the other side of the account, I regret to say that the ordinary expenditure shows substantial increases in spite of the necessity of economy so often urged as a matter of vital importance The following figures are set out by way of illustration

Head of Service

	1916	1917	Increase
Balaries	£13915	18478 4563 4890.	
sighting of Quay	35.12.5		12167
Repairs to Quars etc	6.13.4	244.00 23765	

With respect to the first items of Salaries it appears that on 20 February, 1917, a war bones of 5/- per week was granted to the then recently appointed Harbour Master for the duration of the War. This resolution was arved at in pursuance of Notice of Motion duly given at a previous meeting and took effect immediately. Shortly after the Harbour Master became incapacitated from duty by illness and a Deputy was appointed to discharge his work, a very proper arrange ment which lasted for some 12 weeks. Nevertheless, not only the Salary, to which no exception could fairly be taken, but the was Bonus was paid to the Harbour Master during his illness. Again, it appears that on 21st December last, a special gratuity of £21 was paid to the Secretary. I have referred to this matter in my certificate and it is right that I should set forth the reasons for which I regard the propriety of the payment as doubtful

In the first place there does not appear to have been any written application from the Officer concerned and, unlike the case of the Harbour Master, there was no notice of Motion. Secondly in the case of the Harbour Master the War Bonus took effect only from a date after the resolution was passed, but in the case of the Secretary according to the Minutes, it purported to be in respect of the antecedent 4 years. The accounts mention 3 years). Thirdly the payment is said to be partly in respect of loss of Salary caused through reduced revenue of the Harbour. Now the

salary of the Secretary has remained unchanged: there has been no reduction in salary. Any reduction in the Secretary's emoluments within recent years has been due to diminished poundage results on Tolls etc, on the collection of which he gets a commission in addition to salary. If the revenue from these sources falls he naturally gets less commission but it must be remembered he has less duty to perform. If, on the other hand, the receipts from Tolls etc, increase, the Secretary is not asked to accept a less rate of commission - on the contrary, his emoluments increase proportionately. I regard Mr McBair as a most reliable and efficient officer and consequently regret having to make these comments, but, in my position as a custodian of the interests of the ratepayers of the guaranteeing areas, I would fail in my duty were I not to express the opinion that the payment in question was not well founded.

Respecting the increased charge for lighting of the Quays, I am not possessed of sufficient knowledge to express any opinion of value beyond pointing out that in these days where local authorities generally have been reducing public lighting one would have expected a diminished and not an increased charge.

The third item - "Repairs to Quays etc," demands more extended reference. The descriptive title is taken from the 1916 Abstract of Accounts, the expenditure being £ 6.13.4; the corresponding title in the 1914 Abstract as furnished to me reads - "Maintenance of Quays, roads and renewal of fender piles, £ 244.0.0. Now, this figure embraces a payment made to the Wicklow Urban Council at the last Meeting of the year amounting to £ 199.10.0 which purported to be in discharge of a charge by that Council at the rate of £ 66.10.0 in respect of the three years 1913-1914-1915 for the repair and maintenance of the Harbour, Quays and Roads.

In support of this claim by the Urban Council, forms of account for each year were submitted to the Harbour Commissioners headed - "Statement of expenditure incurred by the Wicklow Urban District Council on the repairs and maintenance of the North and South Quays of Wicklow Harbour for the year ending 31st December 19 - to which the Wicklow Harbour Commissioners are liable.

salary of the Secretary has remained unchanged there has been no reduction in salary. Any reduction in the Secretary's emoluments within recent years has been due to diminished poundage results on Tolls etc, on the collection of which he gets a commission in addition to salary.

If the revenue from these sources falls he naturally gets less commission but it must be remembered he has less duty to perform. If, on the other hand, the receipts from Tolls etc, increase, the Secretary is not asked to accept a less rate of commission on the contrary, his emoluments increase proportionately.

I regard Mr McShail as a most reliable and efficient officer and consequently regret having to make these comments, but in my position as a custodian of the interests of the ratepayers of the guaranteeing area, I would fail in my duty were I not to express the opinion that the payment in question was not well founded.

Respecting the increased charge for lighting of the Quay, I am not possessed of sufficient knowledge to express any opinion of value beyond pointing out that in these days where local authorities generally have been reducing public lighting one would have expected a diminished and not an increased charge.

The third item repairs to Quay to demands more extended reference. The descriptive title is taken from the 1916 Abstract of Accounts, the expenditure being £6.137 the corresponding title in the 1917 Abstract as furnished to me read - Maintenance of Quays, roads and renewal offender piles, £2440.0. Now, this figure embraces a payment made to the Wicklow Urban Council at the last Meeting of the year amounting to £199.100 which purported to be in discharge of a charge by that Council at the rate of £66.10.0 in respect of the three years 1913 1914 - 1915 for the repair and maintenance of the Harbour, Quay and Roads.

In support of this claim by the urban Council forms of account for each year were submitted to the Harbour Commissioners headed Statement of expenditure incurred by the Wicklow Urban district Council on the repairs and maintenance of the North and South Quay of Wicklow Harbour for the year ending 31st December 19th to which the Wicklow Harbour Commissioners are liable,

I am aware that in former years (1912 and earlier) similar payments were made to the Urban Council, but they were supported by the Certificates of the expert officers of the Council that the money certified for was properly expended; and, in the absence of official objection at Audit I was not justified in impugning or questioning his certificates.

On this occasion, however, the payments were made without any such certificates or any evidence that the work charged for had been in fact performed. Each account includes not alone similar bulk sums for "Repairs and maintenance," but also special items for the same specific quantities of road metalling each year at a rate of 6/- per cubic yard.

I was informed that there does not exist any formal agreement with the Urban Council dealing with this matter and further that the Urban Council books do not contain any separate account with the Harbour Commissioners showing the amount of money spent either for labour or materials in carrying out the repairs and maintenance of the Harbour Quays and Roads. Had there been such an account I would have requested inspection as justification for passing the payment without comment. As the matter stands, I am of opinion that the Harbour Commissioners ordered payment of the 3 years' contribution without due consideration and I trust that no payments in respect of periods subsequent to the year 1915 will be made without full investigation of the facts and consideration of liability, if any.

The accounts contain a charge of £12.16.0 to Mr Newbold, being his charges for obtaining the repayment of a sum of £55.10.8 paid by the Harbour Board as Income Tax from the Income Tax Commissioners. I was not referred to any record on the Minutes with respect to the employment of this gentleman. Such claims are usually made and established by the officers of local authorities and not by outside Agents. I presume that a recurrence of similar expenditure will not be found necessary.

Although in view of the foregoing remarks it would appear to be futile were I again to urge on the Harbour Commissioners the necessity for economy, I would not be discharging my duty were I to fail to do so.

The fact that the Guaranteeing Areas have for some years past been deprived of any relief from the burdens of taxation

I am aware that in former years (1912 and earlier similar payments were made to the urban Council, but they were supported by the certificates of the expert officer of the Council that the money certified for was properly expended; and, in the absence of official objection at Audit I was not justified in impugning or questioning his certificates.

On this occasion, however, the payments were made without any such certificates or any evidence that the work charged for had been in fact performed. Each account includes not alone similar bulk sums for Repairs and maintenance; but also special items for the same specific quantities of road metalling each year at a rate of 6 per cubic yard.

I was informed that there does not exist any formal agreement with the urban Council dealing with this matter and further that the urban Council books do not contain any separate account with the Harbour Commissioners showing the amount of money spent either for labour or materials in carrying out the repairs and maintenance of the Harbour Quay and Roads. Had there been such an account I would have requested inspection as justification for passing the payment without comment. As the matter stands, I am of opinion that the Harbour Commissioners ordered payment of the 3 years contribution without due consideration and I trust that no payments in respect of periods subsequent to the year 1915 will be made without full investigation of the facts and consideration of liability, if any. The accounts contain a charge of £12:16:0 to Mr Newbold, being his charges for obtaining the repayment of a sum of 55.10.8 paid by the Harbour Board as Income tax from the Income tax Commissioners. I was not referred to any record on the Minutes with respect to the employment of this gentleman. Such claims are usually made and established by the officers of local authorities and not by outside agents. I presume that a recurrence of similar expenditure will not be found necessary.

Although in view of the foregoing remarks it would appear to be futile were I again to urge on the Harbour Commissioners the necessity for economy, I would not be discharging my duty were I to fail to do so.

The fact that the Guaranteeing areas have for some years past been deprived of any relief from the burdens of taxation

borne by them on their Harbours Guarantee should of itself be a sufficient motive for the reduction of expenditure and such reduction becomes all the more urgent when it is remembered that the accounts now under review do not include all the sums due to 31st December last and at that date there were undischarged liabilities amounting to a considerable sum.

I very much regret that owing to severe illness I had not the advantage of your Secretaries presence at the Audit.

The Accounts, which display evidence of Mr MacShail's care and attention throughout the year, were presented in his Father's absence by Mr MacShail, Junior, who rendered me all necessary assistance and every information in his power.

I have the honour to be,

Gentlemen

Your Obedient Servant
James W. Drury
Auditor

Read a letter from Mr William Byrne Coolbeg
2nd July 1918

Dear Mr Davis

Yours to hand this day Informing
me that I have been unanimously elected
Chairman of the Harbour Board

Whilst fully appreciating their great Kindness
in conferring this honour upon me. I regret I cannot
accept the position as I could not give the
time required having so many public Boards
to attend and also you have gentlemen on the
board who are far more capable than I am
and fully conversant with the workings of the
port

With a renewal of my best thanks

I am yours faithfully
W Byrne

I may mention that I have been able to attend

April 17 1920 for the sum of £25

Resolution

Proposed by Mr F Murphy

Read a letter from Mr William Byrne Coolbeg

2nd July 1918

Dear Mr Davis

yours to hand this day informing
me that I have been unanimously elected
Chairman of the Harbour Board
whilst fully appreciating their great kindness
in conferring this honor me. I regret I cannot
accept the position as I could not give the
time required having so many public Board
to attend and also you have gentlemen on the
board who are far more capable than I am
and fully conversant with the working of the
port
with a renewal of my best thanks

I am yours faithfully

to Byrne

The Belfast marine Salvage Coy had wrote as follows

Wicklow 3rd April 1919

The Secretary

Harbour Board Wicklow

Dear Sir

We have commenced to lift the wrecked vessel triflia lying on the coast about 4 miles north of Wicklow Harbour and now beg to make a formal application for the use of about 100 feet of the main or lighthouse pier for landing the scraction + by our Salvage vessel last, we will also require to break up the large pieces of scraction into convenient sines for shipping we would also arrange to have the scrap dispatched as soon as a cargo is made ready, we would not block up but leave a passage to get to end of Per. We would take every precaution not to injure the per but should any damage be

done we will undertake to make same good however we don't anticipate that any damage will be done to the Pier

We have spoken to Mr Murphy Chairman of the Board and explained our case to him and he has expressed his views that he has no objection to our getting the use of the Pier

As we are now lifting the Scrap it will be necessary to have it discharged from our Salvage vessel almost anytime now please bring this matter before the Board as quickly as possible & much obliged

Awaiting your early reply

Yours faithfully

11th May 1919 Kingstown

Dear Sir

Yesterday at noon I received a
wire from London requesting my attendance
at a Committee of the House of Commons
on business of the Local Government Board
and must consequently cross to England tonight
From enquiries I find that I shall
most probably be detained all this week
& possibly next week also so that I shall
not be able to attend for the audit of your
accounts on Thursday next as arranged.

Will you kindly make it a point
to be present at the hour advertised for the
opening of the audit in case anyone
should attend to raise objections; very
unlikely I think. You might explain the
cause of my absence take a note of same
& address and say I will take care
to give notice of such day as may be
hereafter arranged for the audit. On
my return from London I will again
communicate with you.

Yours faithfully
James W Drury

Auditors Report 23rd June 1919

Gentlemen

I have the honour to inform you that I
have audited your accounts as Commissioners of
Wicklow Harbour for the year ended 31st Decr 1918
and I enclose you an abstract thereof duly certified

As compared with the year 1917 your Income
shows a falling off of £104-14-11 and your
Expenditure has been reduced by a sum of 153-7-10

This reduction is however largely to be attributed
to the fact that the accounts for the year 1917
showed payments to the Urban Council for
maintenance of the Pier in respect of the three
years and other matters referred to in my
report dated 18th February 1918

The question of the Dredger Fund Account
was brought under my notice but there was
no specific proposal as to the manner in

Gentlemen

I have the honour to inform you that I
have audited your accounts as commissioners of
Wicklow Harbour for the year ended 31st Decr 1918
and I enclose you an abstract thereof duly certified
As compared with the year 1917 your income
shows a falling off of 104-14-11 and your

Expenditure has been reduced by a sum of 1537-10

This reduction is however largely to be attributed
to the fact that the accounts for the year 1917
showed payments to the urban Council for
maintenance of the Pier in respect of the three
years and other matters referred to in my
report dated 18th February 1918

The question of The Dredger and Account
was brought under my notice but there was
no specific proposal as to the manner in

which it was proposed to deal with it. It is only necessary that I should point out that this money is in effect Capital money and therefore not properly applicable to ordinary revenue charges.

In the preparation of the Abstract and the allocation of the Expenditure to the different heads of charge more care must be taken in future. For instance the opening balance from the previous ~~Year~~ Account although small was not brought in at all and items of charge were entered under the wrong heads.

Your Secretary must also take particular care to give a proper official receipt from the appropriate book of receipts numbered consecutively in print for each item received by him. Several instances transpired in the course of the Audit where this had not been done. The receipt should be issued immediately on payment by the Parties.

I have the honour to be Gentlemen

Your Obedient Servant

James W Drury

Read Letter from Mr James W. Drury Auditor

Local Government Board

1 Oxford Place

Dublin 14th August 1909

Dear Sir

I am in receipt of yours of the 13th inst and will be glad to see Mr Drury any morning at the beginning of next week that is convenient for him to call say before 1 o'clock

However he may not think it necessary as I understand the Department of Agriculture and Technical Instruction have been advised that their claim against the Commissioners is enforceable in law and as the Commissioners have no funds out of which to pay it except by sale of portion of the Stock representing the Dredge Fund. I fear they have no alternative but to realise such amount of the Stock as may be necessary to provide sufficient Cash for the purpose of paying off their indebtedness

Yours faithfully

James W. Drury

Charles Davis

Fisheries Branch
3 Kildare Place Dublin
29 August 1919

3,455/19 - FB

Sir

I have to acknowledge the receipt of your letter of the 26th instant and in reply to point out that the Wicklow Harbour Commissioners debt to the Department is in respect of dredging completed on the 3rd February 1915 and carried out under a Charter Party of which the conditions were accepted by the Commissioners

The fact that payment was not immediately made for the work affords no reason for varying those conditions now

Any use which naval vessels may have made of the harbour would not be chargeable to the Department and does not therefore affect the Commissioners liability to them

Furthermore the fact on three occasions when this matter was to be brought before the Commissioners they failed to hold a meeting strengthens the opinion expressed in my letter of 12th inst that no useful purpose would be served by the Department receiving a deputation

The Department note that the Commissioners are now in a position so far as Mr Drury's Consent is concerned to make arrangements for discharging their debt

with reference to previous correspondence relative to the Department's Claims for hire of the Dredger Tag-An-Bealach and Bucket Dredging Plant to the Wicklow Harbour Commissioners I have to state that the Department would be glad to know what was done in regard to the matter at the Special Meeting of the Commissioners which you stated in your letter of 19th inst you were convening for Friday 22nd inst

I am Sir

Your obedient servant

J. P. Gill

Secretary

Local Government Board Dublin

27 August 1919

Dear Sir

I am in receipt of your letter of the 25th inst and enclosing copy of a resolution passed by your Commissioners at their meeting on Friday last

Having regard to the terms of the Wicklow Harbour (Advances) Act 1894, I am not in a position to modify the Certificate I gave in the course of my audit in June last and am, not, therefore, in a position to empower your Commissioners to pay the sum of £40-1-8 owed to the Bank on Capital account out of last year's balance

I am obliged to deal, simply, with the income and expenditure account as it stood at the end of the financial year and if expenditure is not included therein which may or could have been discharged within the financial period, I cannot take the fact into account

I have frequently called attention

2947/19

26th August 1919

Sir

with reference to previous correspondence
relative to the Departments claims for hire
of the Dreamer Fagan Bealach and Bucket
Dredging Plant to the Wicklow Harbour Common

I have to state that the Department
would be glad to know what was done in
relation to the matter at the Special meeting
of the Commissioners which you stated
in your letter of 14th that you were
convening for Friday 22nd St

I am Sir

Your Obedient Servant

J.P. Gill

Secretary

Local Government Board Daven

27 August 1919

Dear Sir

I am in receipt of your letter of the
25th instant enclosing copy of a resolution
passed by your Commissioners at their meeting
on Friday last

Having regard to the terms of the
Wicklow Harbour (Advances) Act 1897, I am
not in a position to modify the certificate
I gave in the course of my audit in June
last and am not. Therefore, in a position
to empower your Commissioners to pay the
sum of £40-18 owed to the Bank on

Capital account out of last years balance

I am obliged to deal simply with
the income and expenditure account as it
stood at the end of the financial year and
if expenditure is not included therein which
may or could have been discharged within
the financial period. I cannot take the
fact into account

I have frequently called attention

to the necessity of making all payments promptly so that the liabilities of one year may not be carried into the account of the next year pointing out further the necessity for strict economy on the part of the Commissioners so that the funds ~~of~~ might be available for the discharge of such liabilities. If such economy has been or will be effected during the current financial year as will enable £40-1-8 to be discharged as well as the ordinary outgoings of the year without causing an adverse balance the debt due to the Bank may be discharged out of the Revenue Account but this cannot be done if thereby, an overdraft of the Revenue Account shall result

Yours faithfully

James W. Drury
Charles Davis

Church Hill Wicklow

19 Sept 1919

Dear Sir

I request that as soon as possible a berth be allocated to me on the North Quay to enable the accumulation of timber to be shipped - In the absence of a berth the timber has to be put down on ground far removed from the Quay and it cannot be shipped until a berth is available

I trust your Board will use its influence with the Board of Trade to persuade them to ship a cargo from North Quay so as to leave a steamship berth available

Yours truly

Frank Rowland

Notice of Motion handed in by Mr. M. Murtagh

I beg to give notice that at the next meeting of the Harbour Commissioners I or some member for me will move that merchants requiring berthage on the Quays

to the necessity of making all payments promptly so that the liabilities of one year may not be carried into the account of the next year pointing out further the necessity for strict economy on the part of the Commissioners so that the funds of might be available for the discharge of such liabilities. If such economy has been or will be effected during the current financial year as will enable £40-18 to be discharged as well as the ordinary out going of the year without causing an adverse balance the debt due to the Bank may be discharged out of the Revenue account but this cannot be done if thereby an overdraft of the Revenue account shall result

9 February 1920

premises which we recently acquired on the quay at Wicklow

We purpose spending a couple of thousand pounds on buildings. Before we will enter into any contracts to erect these new offices and stores we want an undertaking or agreement from your Council that you will not permit timber to be stored on the quay in front of our proposed new offices or before our stores at 12 South Quay.

In the first place this timber blocks up the whole place and leaves only a narrow passage for carts to pass and it is at the risk of one's life our staff can approach our offices. Secondly if anyone comes to see us on business by any mode of conveyance such as motor car, trap or bicycle there is no place to leave same and it is very awkward. Thirdly the timber causes damp and dirt and is most unsightly.

We are aware that the timber stored there at present is the property of one of our directors but he has given us an assurance that he will have same loaded in the next vessel he is loading but the moment he removes same some other timber merchant will dump in timber on this position if you allow it.

We do not see our way to spend this large sum of money on offices and stores unless our interests are safeguarded in some way beforehand as the quay at present is a perfect disgrace in front of our existing offices.

A very early reply would oblige as we intend to put the work in Contractors hands on the 1st March should you do as we desire.

Yours faithfully

I am sure it is the desire of the Council to assist New enterprise to develop your Port and to have new buildings on your quays. The buildings we propose to break down are two centuries old.

Commercial Buildings
Dublin

12th July 1970

The Secretary

Wicklow Harbour Commissioners

Dear Sir

The Town Clerk informed me the Commissioners have passed my letter to your authorities. I would wish to inform you that my Architect has his plans completed and I now await a definite reply from your body before submitting same to the Township Engineer for approval.

I sincerely hope that in the event of the work going on that a local Wicklow Contractor will secure the Contract.

It is absolutely no business of mine and I am certainly not going to dictate to your Council and I am only really interested as far as the Quay frontage to our stores and offices but I would venture to remark that in no part of the United Kingdom would quays be permitted to be used as a dumping ground for merchants goods for permanent storage like Wicklow - Here in Dublin after twenty four hours the Harbour Police would be at us to remove the goods or threaten legal proceedings.

The same would apply in any English port and the undersigned had recently to pay £60 - for a consignment of 25 tons of Hay left for 16 days on the Quay at Bristol.

I am sure it is the desire of the Council

The Secretary
Wicklow Harbour Commissioners
Dear Sir

The Town Clerk informed me
the Commissioners have passed my letter
to your authorities. I would wish to
inform you that my Architect has his plans
completed and I now await a definite
reply from your body before submitting
same to the township Engineer for approval
I sincerely hope that in the event of the
work going on that a local Wicklow contractor
will secure the contract

It is absolutely no business of mine
and I am certainly not going to dictate
to your Council and I am only really
interested as far as the quay frontage
to our stores and offices, but I would
venture to remark that in no part of
the United Kingdom would quays be
permitted to be used as a dumping
ground for merchants goods for permanent
storage like Wicklow. Here in Dublin
after twenty four hours the Harbour
Police would be at us to remove the
goods or threat in legal proceedings
The same would apply in any
English port and the undersigned had
recently to pay £60 for a consignment
of 25 Tons of Hay left for 16 days on
the quay at Bristol

If your Board charged $2\frac{1}{2}$ per ton for any timber left on your quays after 24 hours you would not only increase the revenue of your port but your quays would not be in the present disgraceful state.

I cannot see why the Merchants have no yards or accommodation near the quays to store the timber until such time as steamer lift it. like is done in every other port instead of using up public property for dumping it on.

The timber stored on your property should be worth £50 - a week's revenue to your port on the same basis of charges as Dublin Liverpool. Preston-Bristol Cardiff-Swansea-Belfast Etc Etc

Yours faithfully
E Fitzgerald

Resolution

Proposed by Mr Darcy

Seconded by Mr Kearney

Resolved -

That a deputation of the Commissioners wait on Messrs Fitzgerald this day relative to his letters re Timber opposite his stores on quays

111 St Brunswick St
Dublin

12 Feb 1920

Dear Sirs

We propose sending a quantity of timber from Wicklow Harbour to Garston approx 2000 tons and would be glad if you could give us space for say 50 tons per week - We would have a boat coming about once a month to load about 200 tons. We hope that this application will receive your favourable consideration at your first meeting.

A reply at your convenience will oblige

If your Board charged 2/6 perton for any timber left on your quays after 24 hours you would not only increase the revenue of your post but your quays would not be in the present disgraceful state

I cannot see why the merchants have no yards or accomodation near the quays to store the timber until such time as steamer left it, like is done in every other port instead of using up public property for dumping it on.

The timber stored on your property should be worth £50 a week revenue to your port on the same basis of charges as Dublin Liverpool reston Bristol Cardiff - Swansea Belfast etc etc

Harbour Masters Report

16 March 1920

Gentlemen

I beg to report that 10 Steamers and 6 Schooners 3 Fishing Boats arrived during the month their registered tonnage being 1910 Tons and Cargo tonnage 2777-10²

At the same period 10 Steamers and 6 Schooners sailed their Export tonnage being 1508 tons

I would also like to draw your attention to the state the quays are in I would like you to inspect them as I have reported them on different occasions before and also that the Harbour wants dredging very bad

I also report that Mr Kearney is taking up space on the South Quay without leave I also report to you that the cost of living is getting so great I would be thankful if you would increase my wages

Harbour Masters Report

Castle St

April 20th 1920

Gentlemen

I beg to report that Seven Steamers and Seven fishing boats arrived during the month their registered Tonnage being 996 Tons and Cargo Tonnage 631 = 13

At the same period Five Steamers and Five Schooners sailed their Export Tonnage being 1296 Tons

James Goodman

Harbour Master

Auditors Report

Dublin

26th April 1920

Gentlemen

I have the honour to report that I have audited your Accounts as Commissioners of Wicklow Harbour for the year ended 31st December 1919 and I forward herewith a Certified Abstract thereof

It is to be regretted that the Income derivable from Harbour Tolls and Dues again shows a diminution without a corresponding decrease in the normal expenditure the result being that at the end of the year there is not any appreciable balance available for distribution to the Guaranteeing Areas in relief of their liabilities

With less shipping entering the port and consequently less duties falling to be discharged by the Officers it is difficult to find justification for the increases in Salaries awarded to the Harbour Master and Secretary. From the point of view of the depreciation of the purchasing value of the Pound Sterling an increase

Harbour Masters report

Harbour Master

Auditors Report

Dublin

26th April 1920

Gentlemen

I have the honour to report that
I have audited your Accounts as commissioners
of Wicklow Harbour for the year ended 31st
December 1919 and I forward herewith a
certified Abstract thereof

It is to be regretted that the Income
derivable from Harbour tolls and Dues
again shows a diminution without a
corresponding decrease in the normal
expenditure the result being that at the
End of the year there is not any appreciable
balance available for distribution to the
Guaranteeing areas in relief of their
liabilities

with less shipping entering the port
and consequently less duties falling
to be discharged by the officers it is
difficult to find justification for the
increases in salaries awarded to the Harbour
master and Secretary. From the point of
view of the depreciation of the purchasing
value of the found sterling an increase

in salary might possibly be justifiable in respect of an officer whose duties are so onerous as to absorb the full working hours of his day but having regard to the very small dimensions of the business of the Port it would appear that the duties dischargeable by these officers cannot possibly absorb more than a mere fraction of their time - In the case of the Secretary it must be remembered that though he sought and obtained the appointment at a salary in May 1918 yet some eleven months afterwards he obtained a £10. increase to his salary although the funds at the disposal of the Commissioners were not sufficient to meet their liabilities. I am informed that in spite of the falling away of shipping entering the Port the Harbour Master is now seeking a further advance in wages.

The Commissioners should remember that they are Trustees for the Guaranteeing Areas and if they without sufficient justification incur unnecessary and avoidable expenditure they are liable to be called to account for their actions at the instance of any ratepayer.

With respect to the Conduct of the Commissioners general and fiscal business it is to be hoped that defects such as appeared in course of this audit apparently solely attributable to the Secretary will not be allowed to occur again. For instance - The Treasurers Advice Note (A) bearing date 29th January came before me directing payments to the extent of £18-0-7 The Secretary signed the usual Certificate that they had been duly authorised at a meeting of the Commissioners held on that date but there is no record whatsoever in the Minute Book of such a meeting and the only document he could produce in support of the payments was the report

in salary, might possibly be justifiable in respect of an officer whose duties are so onerous as to absorb the full working hours of his day but having regard to the very small dimensions of the business of the or it would appear that the duties dischargeable by these officers cannot possibly absorb more than a mere fraction of their time. In the case of the Secretary it must be remembered that though he sought and obtained the appointment at a salary in May, 1918 yet some eleven months afterwards he obtained a 10. increase to his salary although the funds at the disposal of the Commissioners were not sufficient to meet their liabilities. I am informed that in spite of the falling away of shipping entering the Port the Harbour Master is now seeking a further advance in wages. The Commissioners should remember that they are trustees for the Guarantee areas and if they without sufficient justification incur unnecessary and avoidable expenditure they are liable to be called to account for their actions at the Instance of any ratepayer with respect to the conduct of the Communal general and fiscal business it is to be hoped that defects such as appeared in course of this audit apparently solely attributable to the Secretary will not be allowed to occur again. For instance. The Treasurers Advice Note bearing date 29th January came before me directing payments to the extent of £18-07 The Secretary signed the usual Certificate that they had been duly authorised at a meeting of the Commissioners held on that date, but there is no record whatsoever in the minute book of such a meeting and the only document he could produce in support of the payments was the report

of the Finance Committee, (B) which is signed by three Members while the advice note bears five signatures. It is not unreasonable to ask how, where and where were the two additional signatures obtained. Was there any meeting of the Commissioners as such or were the signatures on the advice note obtained though there was no meeting at the solicitation of the Secretary.

Another advice note (C) was filled up for £188-8-3 but the total of the payments as entered on the Schedule amounts to £198-8-8 an error of £10 remaining undiscovered by either the Secretary, the Council or the Treasurer.

A third advice note (D) was filled for £158-1-4 but the Schedule of payments amounts to £158-1-9 the error again remaining undetected.

In view of the foregoing those who make themselves responsible for payments by signing the advice notes should take care to see that they are in all respects correct and that the Schedule should be clearly ruled off after the last entry.

The advice note marked (C) contained an authorisation to the Treasurer to pay £2-11-7 in respect of Income Tax.

This authority was not cancelled although the Minute book contains an instruction "not to be paid at present". The Secretary informs me that the Tax has not yet been paid but was unable to afford me any reason for non-payment. It would be desirable that the matter should be looked into and settled without the intervention of legal proceedings.

In view of the financial condition

of the Finance Committee (B) which is signed by three members while the advice note bears five signatures. It is not unreasonable to ask how, where and where were the two additional signatures obtained was there any meeting of the Commissioners as such or were the signatures on the Advice not obtained though there was no meeting at the solicitation of the Secretary

Another advice notes) was filled up for 188-83 but the total of the payments as entered on the Schedule amounts to 198-88 an error of 10 remaining undiscovered by either the Secretary the Council or the Treasurer

A third advice notes) was filled for 158-14 but the schedule of payments amounts to £158-19 the error again remaining undetected

In view of the foregoing those who make themselves responsible for payments by signing the Advice notes should take care to see that they are in all respects correct and that the schedule should be clearly ruled off after the last entry

The Advice note marked (C) contained an authorisation to the Treasurer to pay £2117 in respect of Income tax

This authority was not cancelled although the minute book contains an instruction not to be paid at present the Secretary informs me that the tax has not yet been paid but was unable to afford me any reason for now payment it would be desirable that the matter should be looked into and settled without the intervention of legal proceedings

In view of the financial condition

of the Board it would appear to be essential that the Scale of Tolls should be increased and that other Sources of Revenue should be sought; it would also appear to me that they are entitled to charge rent for Storage on the Piers and Quays which are and as I am informed, have been for a very considerable period, encumbered with quantities of timber in respect of which no rent is paid

The mere weight of this timber on the Structure of the Quays must also have a deleterious effect thereon

Secretary

Harbour Board Wicklow

Dear Sir,

Mr Clarke has now
cleared away the timber from the front of
our offices and store and we are very
pleased to have the terrible nuisance cleared
away. If it had gone on much longer
we would have been unable to carry
on our business.

We trust you will now instruct
the Harbour Master to see no more timber
is deposited opposite our stores and
offices and to demand immediate
prosecution should anyone break your
orders.

Yours faithfully
E Fitzgerald

Report re Pier & Quay

14 July 1920

Your Committee consisting of Messrs J. Nichols, Edward Byrne met this evening and inspected East Pier & South Quay

We recommend that a Main Pile of Oak be put down at North West Corner of East Pier 20 inches wide and that 2 whaling pieces of Oak 18 inches be also provided, and that the concrete and stone coping be cut so as to let main pile lie against corner of Pier

One main pile to be scarfed to low water mark, and that 20 fender piles of Oak 12ⁱⁿ x 9ⁱⁿ be placed where existing piles are which are in a very bad way and dangerous to vessels lying near them also that 2 chains be fastened to pier gouted in with lead

20 for iron ladder and chain at the turn hole

We also recommend that the existing whaling piece be removed and that concrete 3 feet x 1 ft rounded off be placed from opposite Hopkins store up to Mr Darings Coal Yard

Also that a concrete wall be erected at the end of South Quay at Bath House over to sewer pipe and that an Oak post be placed in Centre where old post stands and that the mooring chains be looked after and that the Harbour Master
