Community Development (incl. sports facilities & schools, etc.)

Submission

I am living in Blessington 29 years my husband and his father are born and raised here, we have 2 grown up children and 2 grandchildren, our community is crying out for amenities, the community were very disappointed about the swimming pool, it's a must we have plenty of schools and clubs that would benefit from having a local pool, not to mention the employment it would create I definitely think that this should be reviewed as a matter of urgency our town is expanding without proper facilities.

The other major issue I have is the upkeep of the N81, it is an absolute disgrace there are pretty much no road markings and no cat's eyes left and it's so dangerous driving at night.

Local Transport Assessment / Transport Strategy Map

Submission

There should be a direct bus to Maynooth University, or a local link going directly from Blessington to Naas.
