Submission

Great to have a public park opening soon. It would be nice to also have a working outdoor adult fitness space in the park (better than the one next to the playground)

Topic

Infrastructure - Sustainable Movement - Transportation

Submission

There are a number of roads and paths around Blessington which have not been "taken in charge" by Wicklow County Council which means that they are not responsible for the upkeep and maintenance of them. This makes it very difficult to have broken traffic lights, footpaths or signage repaired in these areas. I would like to see as many of these areas as possible becoming Wicklow County Council's responsibility.

Road markings around Dunne's Stores (see PDF attached) - reported few times to Wicklow Co Co since 2021. No one care about this issue and wants to take responsibility for it.

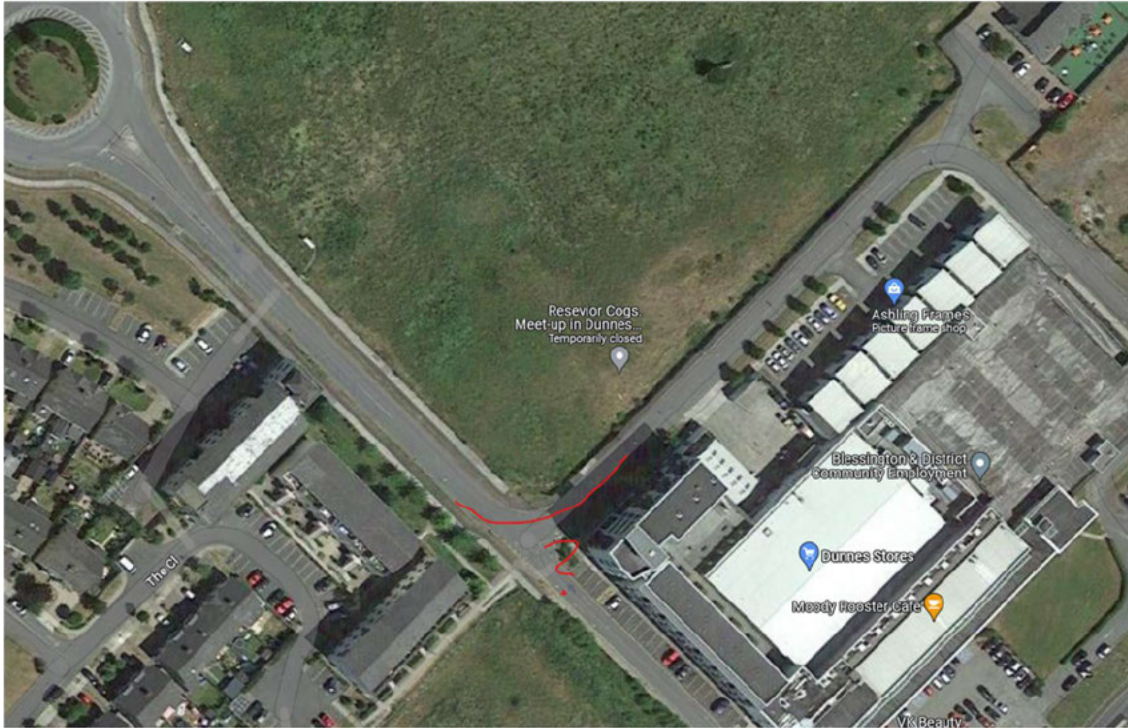

File

road.pdf, 1.02MB

The road markings at this location is very poor and not clear for people who don't live in Blessington area.

Because of that some drivers are going against the traffic causing very hazardous situations within 100m from the creche and 200m from the school.

I'm afraid that one day someone will be seriously injured or killed here.

Car at the front didn't stop (driver was following the blue line) when I was driving with my child from the nearby creche.

Sometimes cars are going straight into the one-way road (orange line).
