

Kids Sea Safari Workshops

Explore the marine flora and fauna on your local seashore with Mona McCrea, Marine Biologist and Environmental Scientist. Put on your wellies and join other members of your community to discover the biodiversity of plants and animals. You will be digging in the sand, searching on and under rocks and seaweed, and in rock pools. All with the aid of a scavenger hunt, bucket and net.

This field trip is suitable for all ages from 5 years. Adults must accompany their children.

- Bray South Promenade: 21st August, 9am.
- Greystones South Beach: 22nd August, 10am
- Brittas Bay North Beach: 23rd August, 10am
- Brittas Bay South Beach: 24th August, 10am
- Arklow South Beach: 25th August, 11am

The Workshop takes about 1½ hours

What to wear:

- Wellies or shoes you don't mind getting wet
- Long trousers (no shorts please as the rocks are sharp and slippery)
- Waterproof jacket or sun screen!

What to bring:

- Buckets and spades
