The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

The following report was read from the Committee appointed to inquire into the state of the accounts of John Allen, Rate collector, viz:—

Your Committee beg to report that they have carefully examined the Books and accounts of J. Allen Rate collector, for the Electoral Divisions of Clonegall and Moyacomb & find that a total sum of £40-6-9¹/₂ remains outstanding, £4-4-0 of which is in Clonegall Division representing 39 Ratings and £26-2-9¹/₂ in Moyacomb Division including £1-12-10¹/₂ arrears, £52 having been lodged by Allen on the 9th Inst.

Your Committee questioned Collector Allen as to the missing 'Blocks' No. 64 to 74 Receipt Book Clonegall Division but failed to elicit any information, as his mind on this point seems a perfect Blank. Your Committee have also had before them a list of defaulters in the said Division of Clonegall supplied by Collector Allen under the Franchise Acts Dated 3rd Inst. from which it appears 26 persons are objected to (representing a sum of £35-10-1) as Rates unpaid assuming this list to be correct, as Allen will be required to testify on Oath at Revision Sessions a balance of £8-13-11 only would remain which is covered by the other 13 Ratings of women &c.

Having regard to this fact, and that £52 was lodged on 9th Inst. and taking into consideration the former good Character of Collector Allen, your Committee believe the blocks were not abstracted for any fraudulent purpose and that if he be allowed he will complete his collection & close his accounts on or before the 1st September next. They therefore recommend your Board to request the Local Government Board to overlook his irregularity & withdraw his suspension and permit him to complete his collection, but they would suggest that Allen be called upon to have his books checked and to lodge

to lodge weekly until he completes his collection -

Dated this 11th day of July 1890.

Signed on behalf of the Committee by Wm. Greaves, Chairman.

The Guardians unanimously agreed to remove their suspension of John Allen, Rate collector, and again allow him his books to close his ^{Collection} ~~Account~~ of Rates as recommended by the Committee; and at same time directed him to attend weekly for the examination of his books and lodge such rates so collected with the Treasurer weekly.

The Guardians proceeded to consider Tenders as invited to erect two gates (large and small) similar to the old gates at the Workhouse entrance.

Tenders were read for same as follows:-
Edward Boulger finally for the sum of £3-10-0
John Davis Carnew for £3-10-0
Thomas Styles, large gate only, for £2-10-0

The Guardians agreed to re-advertise the erection of the two entrance gates to be considered on this day three weeks -

The following Letters from the Local Government Board for Ireland and others were read by the Clerk, and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):-

No 33,041

21st August '90

Letter read from the Local Government Board for Ireland to acquaint the Board of Guardians of this Union that they have received the half-yearly report of their Inspector, Mr. Robinson, on the Union, which is of a satisfactory character as regards its financial state, and the performance of their duties by the officers in general.

Mr. Robinson observes, however, that the Sanitary condition of the Workhouse is not altogether satisfactory as the large cesspits, under the walls of the house, which are cleaned out once a year, are very offensive in hot weather. He suggests that they should be closed and the pail closet system substituted.

It appears from the report that the girls are not taken out regularly for exercise.

Mr. Robinson considers that the Soup for the healthy and infirm

Classes does not contain a sufficient quantity of vegetables. He also points out that the Guardians would be able to add very much to the comfort of the sick and at the same time to effect a great economy by substituting wire woven mattresses for the straw beds at present in use in the hospital. He is of opinion that the yearly saving in the cost of straw which would result from the change would be very considerable.

As regards the internal arrangements of the Workhouse Mr. Robinson reports as follows:-

"The female Lunatic Department is very much overcrowded at present. The accommodation for this class consists of 6 cells each intended for one bed, and as there are 14 inmates in the department two beds have to be put in some of the cells and accommodation for the remainder of the lunatics has to be found among the sick in the Infirmary. There is no day room in the department and the inmates sit all day and take their meals in the passages outside the cells.

The vacant building adjoining the nursery might be fitted up as a female Lunatic department at a small cost and it appears to be very well adapted for this purpose. A bath room, lavatory, and pump would have to be made, and a portion of the yard would have to be walled off for the use of the patients."

The Local Government Board request that the several matters above referred to may receive the prompt consideration of the Guardians.

The Guardians agreed to refer to the visiting committee the alterations etc. in Workhouse, suggested by the Local Government Board Inspector in their letter No 33,041 dated 21st August, 1890.

No 32,263

From same to state they have received the minutes of

of proceedings of the Board of Guardians of this Union on the 8th Inst. when the Guardians had under consideration the rates necessary to provide for the expenditure of the Union during the year ending 29th September, 1891. It does not, however, clearly appear from the Minutes what are the actual poundage rates agreed to by the Guardians in the cases of the Blonmore, Coolballintaggart & Kinahely Electoral Divisions, and the Board request that you will furnish them with this information.

With reference to the subject of the foregoing letter the Guardians have to inform the Local Government Board the Poundage Rates agreed to were as follows: viz. - Blonmore Electoral Division 1/4, Coolballintaggart 3/- and Kinahely 1/4.
