No. 37,886

25 August 1919

The Local Government Board wrote that they had before them the further resolution of the Board of Guardians relative to the proposed reduction of the incremental period in connection with the operation of the graded scales of Salaries of the Union officers adopted in December, 1914, from 30 years to 18 years, and, in reference thereto, the Board stated that although the alterations in the scale of District Council officers were sanctioned owing to an oversight, they felt that unless the Guardians' proposal were allowed the officers affected by it would feel aggrieved. The Board, therefore, had sanctioned the arrangement, but on the distinct understanding that it is not to be regarded as a precedent.

Clerk of the Union,

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:—

The Master's Estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

120 lb. Loaves

The Report of the Visiting Committee was read, and Orders were made thereon, as follows:—

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

I beg to report no admissions to Fever Hospital since last meeting, and that the five fever contacts were discharged from same since the 24th ult.

The Sailor resumed duty on Monday, 29 Sept.

The Farm Steward having met with an accident has been unable to attend to his usual duties during the past week.

I employed ^{m. J. J.} to clean & enamel and paint the two Infirmary Baths, the cost of time & material being 10/-

I have been fortunate in securing a wagon of our coal contract within the past fortnight.

A man will be required for a few days to repair fireplace & small piece of plastering in Board-room and put up a store in the mens long Ward Infirmary.

With a couple of members of the Board I purchased a trap for the Workhouse, as directed, at the auction held at Coolkenno on Tuesday Sept 2nd, cost £18.5.0.

I would thank the Board to allow me three days leave. The Master will do duty during my absence.

The Board approved.

The following Orders of the Local Government Board for Ireland, were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No. 47915

30 Sept. 1919.

The Local Government Board forwarded questions for answers respecting the person who has been employed as temporary night nurse in the Workhouse.

No. 47915

30 Sept. 1919

Writing with reference to the accepted tenders for supplies to the Workhouse the L.G. Board requested to be informed of the quality of the butter to be supplied at the maximum price authorised by law and to state that they considered the contract prices of pigs, cheek 1/2 a pound and port wine 6/- a bottle excessive.

Order. Local Government Board to be informed that fresh Farmers butter is being supplied. The Guardian's considers the prices of pigs cheek & port wine reasonable, the latter being the same price as for the previous year.

No. 47915

30 Sept. 1919

From same to state they observed that the Guardian's had authorised the Workhouse Master to purchase a second-hand horse's trap, & the Board requested to be informed for what purpose precisely the trap is required.

Order. The trap is required for the purpose of conveying temporary nurses from and to the Railway Station, sending for the chaplain, conveying Master to Registrar to Register Births & Deaths, to collect maintenance due by old age pensioners, and to visit the adjoining towns to purchase over 50 items of clothing and necessaries not contracted for. The Guardian's considers this more economical than hiring cars for the work.

The Master was authorised to plant portion of the grounds, known as the boys' yard, with apple and other fruit trees, and have necessary protecting fence & gate entrance erected.

The motion applied for and was granted
three days leave, the master undertaking to discharge
his duty.

It was unanimously resolved to appoint
Mr. Patrick Seantlan to take and value the stock
in the Workhouse ^{at the close of} for the past half year at the
remuneration of £3.

The cases of Provisional Relief, and Applications for Relief, were considered and decided on, as set forth in the Application and Report Books.

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:—

The Master's Estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

The Clerk's Report of Vaccination was read (this on the first Meeting in every month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon, as follows:—

The inventory and valuation of stock in the Workhouse, as found by Mr. P. Scantlan, was submitted, when it was resolved that the following articles of bedding and clothing be condemned & cancelled viz:—

21 Sheets	2 Waistcoats		10 Shoes	
10 3/4 cloths			29 Stockings	
14 towels			4 1/2 vests	

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

The nation went on three days leave granted by the Board on Saturday last.

I had Mr. Fitzpatrick's threshing set engaged threshing the oats grown on the Workhouse Farm on Thursday, 9th inst.

We are having a further delivery of 4 waggons of coal since Saturday last.

The water supply to the Workhouse has been continually hampered with during the past fortnight. This is a most serious matter & the Guardians should take some steps to protect their supply.

Some slight repairs are needed to the wooden troughs in the Fever Hospital Laundry. When free from infectious patients the Hospital would need to be lime-washed.

Our present milk supplier has notified that the cost of same will be 2/6 per gallon for the winter period. Order: That the Clerk communicate with Mr. Burke relative to interference with the water supply. The Master to have the required repairs lime-washing at Fever Hospital carried out.

The following Orders of the Local Government Board for Ireland, were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No. 44915

10 October 1919

The Local Government Board wrote to state that, in accordance with the approved Scale, they had sanctioned an increment of £5.6.8 in the annual Salary of the Master of the Workhouse.

No. 22204

14 October 1918

From same with reference to their letter of 26th April last communicating the substance of the Report of their Medical Inspector, Dr. Florence Dillon, consequent on her recent inspection of the Workhouse Infirmary Fever Hospital & Children's Ward, to request that they might be informed whether the matters referred to had been attended to.

Order: That the attention of Dr. King be again drawn to this report.

No. 50381

14 October '19

From same advising to the further entry in the minutes of proceedings of the Board of Guardians on the 6th inst. regarding the contract prices for supplies of butter, pigs cheek and pork pie for use in the Workhouse, to state that only the best creamery butter made up in carton packets may legally be retailed at 2/11 a lb. and to charge that figure for farmer's butter is a gross imposition.

The Board should be informed what is the weekly consumption of butter in the Workhouse and to whom it is given.

The Board added that the Guardians would do well to communicate with curers with a view to getting pigs heads at a reasonable figure, & that Messrs Gilbey's Invalid Port, obtainable from any of their agents at 4/- a bottle, should be quite suitable for the requirements of the Workhouse.

Order

Order: That a copy of this letter be furnished to the Butter Contractor for his observations.

L.G. Board to be informed that butter is supplied for breakfast to all the inmates ^{except the casuals}, the weekly consumption being 25 lbs. inclusive of 7 lbs. issued to the officials.

Inquiries, as to prices of pigs heads, to be made from curers & the Contractor for same to be asked to supply Gibbey's Invalid Port, instead of Sandeman's *** contracted for.

no. 51127

17 October 1919

From same to acknowledge the receipt of replies to queries respecting Anne Nolan who was employed in August last as Wardsmaid in the Workhouse for a week. The L.G. Board pointed out that this woman with her family was an inmate of the Workhouse at the time of her employment and, apparently, was still an inmate. In the circumstances, the mere nominal discharge in her case from the institution was not even a colourable compliance with the Workhouse Rules and the Board declined to sanction payment of remuneration to her for acting as Wardsmaid.

no. 51128

18 October 1919

From same to state that they had sanctioned the payment of remuneration at the rate of £2.12.6 to Mrs McAlenan for her services as temporary night nurse in the Fever Hospital, with meals and an allowance of 14/- a week in lieu of other rations, as well as travelling expenses and 3/6 weekly for laundry purposes.

9 Oct. 19

The Secretary to the Wicklow County Council notified the transfer of £992.10.0 from the County fund to the resources of the Union.

On the application of the Farm Steward the Board granted him three days leave of absence.

The cases of Provisional Relief, and Applications for Relief, were considered and decided on, as set forth in the Application and Report Books.

Other Guardians— Mr. P. Byrne, Mr. J. McBreathen,
P. Boyle, P. Harvey, R. Byrne, D. H. Coates,
H. Deegan, H. Mooney, M. Keogh, J. Deegan, J. Boyle
and H. Abraham.

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:—

The Master's Estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

100. 4 lb Loaves
 25 lb. Butter
 60 gals. milk
 35 lb. Beef
 44. Mutton
 10 Doz. Eggs
 2 cwt. oatmeal
 2 Bottles Whiskey

The Clerk's Report of Vaccination was read (this on the first Meeting in every month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon, as follows:—

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

"I had a man employed here for one week having the infirmary coloured, and I also had a stove put up in one of the male wards & some repairs to the Board-room carried out.

"The Farm Steward was away on three days leave granted by the Guardians. He has also been ill and unable to attend to his duties here since Thursday last & I was obliged to engage a man on two occasions to take out the ambulance.

"As I have now procured a supply of lime I would ask the Board for an order to have repairs to boundary wall carried out.

"Dr. F. Dillon, Local Govt. Medical Inspector, visited and inspected the infirmary, Fever Hospital, children's wards etc on Thursday last.

The Board approved, and decided to authorise the Master to have the boundary wall repaired.

The following Orders of the Local Government Board for Ireland, were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No. 53381

23 October 1919

The Local Government Board wrote to state that they had sanctioned the proposed payment of £5 to Mr. Patrick Scantlan as remuneration for his services in taking and valuing stock in the Workhouse for the past half year.

No. 53362

24 October 1919

From same advising to the entry on the subject in the minutes of the 20th inst. to state that margarine should be substituted for butter in the breakfast meal of the Workhouse inmates, as it was absurd that these people should be supplied with an article of diet which was a luxury in Great Britain. The allowance of that commodity to all classes there, rich and poor alike, not exceeding 1½ oz. weekly.

Mrs. Tomkin, contractor for butter, wrote as follows:— "With regard to your letter of 24th inst. enclosing copy of letter from the Local Govt. Board relative to my contract price for supplying butter to the Workhouse I beg to point out that at the present time I can obtain 2/9 per lb. from local traders for my butter, which is made from separated cream. As I have been contractor for butter for a number of years, in order to meet the wishes of the Guardians, I would be prepared to reduce my tender to that figure. I at the same time wish to remind the Guardians that for the previous quarter I supplied butter at 2½ per lb. while the price then current in the local markets was 2/6."

Having regard to the reduction in price the Board unanimously decided to continue the use of butter in the breakfast meal of the inmates.

Messrs R. J. Byrne & Sons, Bacon Curers, wrote that they would supply best dish Pig's heads free on rail to Shillingleigh at $\frac{1}{2}$ per lb.

The clerk informed the Board that he had interviewed the present contractor for Pig's cheeks, who consented to reduce his price for Pig's cheeks to $\frac{1}{2}$ per lb. which was approved.

1st November 1919

Dr. King, Medical Officer of Workhouse, wrote as follows: - "In reply to your request I beg to inform you that the matters alluded to in Dr. Dillon's report of April 1919 have been attended to. The sheets of the Infirmary beds are changed weekly in all instances. A record of all surgical instruments & appliances have been duly made out and placed in Surgery. Dr. Dillon noted that my daily visits to the Workhouse were not always made before 12 o'clock. This is of course the case, but your Board will recollect that at the time I had charge of Collington Dispensary District as well as the Workhouse and also that during much of the half year in question a dangerous epidemic of influenza was raging, so that it was difficult to arrange that visits to the Workhouse on all days should be before 12 o'clock. Since the termination of my duties as temporary Medical Officer of Collington District my attendance at the Workhouse before 12 has been the rule except when occasional urgent cases necessitated a somewhat later visit.

With regard to the easy chairs and footstools recommended by Dr. Dillon, there are already in the wards ten wooden arm chairs. This number might with advantage be increased by six, so as to allow a chair for each patient able to be up.

I beg to report that six fibre mattresses are badly required for the Infirmary, as six of the bedsteads are

without any, owing to the old ones being worn out. It is ordered that six arm chairs and six fibre mattresses be procured.

An inmate named Denis Gallon was ordered to be supplied with an outfit of clothing on taking his discharge to go to service.

The Clerk submitted a statement showing that the average cost, during the past three years, for providing temporary nurses in the Workhouse was £83. 5. 0.

The Board directed that the question of appointing an additional permanent nurse to do alternate duty in Fever Hospital & Infirmary, as required, be placed on the agenda for consideration at next meeting.

It was decided to authorise the local guardians to have the water course (through Mr. Burke's land), which supplies the Workhouse, cleared up, it being practically filled up with mud and rubbish.

The cases of Provisional Relief, and Applications for Relief, were considered and decided on, as set forth in the Application and Report Books.

The number of Applicants admitted to the Workhouse was ...

The number of cases of Provisional Out-door Relief was ...

Do. in which Relief was continued by the Guardians 46

The number of other Applicants in the Relieving Officers' Books relieved by order of the Guardians was ...

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:—

The Master's Estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

110. 4 lb loaves
 25 lb Butter
 40 pabs. milk
 38 lb Beef
 46 . Mutton
 16 doz Eggs

The Clerk's Report of Vaccination was read (this on the first Meeting in every month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon, as follows:—

The Reports of the Master and other Officers were read, and Orders made thereon, as follows:—

"I beg to report no admissions to Fever Hospital since last meeting.

"The storm yesterday did some damage to the infirmary roofs.

Order: That the Master be authorised to have the damage to roofs repaired.

The following Orders of the Local Government Board for Ireland, were laid before the Board, and directions given thereon, as follows:—

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No. 3400

20 January 1920

The Local Government Board wrote to transmit questions for answers respecting the appointment of Lizzie Molloy as Wardmaid in the Fever Hospital on probation for a period of three months.

No. Order: That the services of Margaret Doyle be continued pending approval of the appointment of Lizzie Molloy.

No. 788 Misc.

10 January 1920

Read circular letter from same to draw the attention of the Board of Guardians to the provisions of Section 3(1) of the Old Age Pensions Act, 1919, which came into operation on the 2nd inst.

Mrs. Fleming, Matron of the Workhouse, forwarded a certificate from Dr. Lushy to the effect that she was suffering from influenza and would be unable to resume duty for a fortnight.

Order: That the Matron be granted a fortnight's further leave and Mrs. McCree continued as substitute at the existing rate of Salary approved for the office.

The several lay officials of the Union wrote asking the Board of Guardians to grant them (owing to the present abnormal cost of living) the Scale of War Bonuses allowed to all Government employees, since April 1st, 1919, by the award of the Conciliation and Arbitration Board.

Order: That this question be placed on the agenda for consideration at next meeting.

Dr King, Medical Officer of Workhouse, wrote as follows: — "In reply to your request for my observations on the extract from the report of Dr Florence Dillon, dated 11th December, 1919, I beg to say that it is a fact that there are no convalescent Wards or day rooms in the infirmary. The reason for this is that the available room in the infirmary affords no opportunity for such convalescent Wards or day rooms, and even if it were practicable to allot such apartments in another part of the Workhouse building, this would remove the patients in question to a large extent from under the nurses immediate supervision and would involve extra expenditure of coal which is scarce.

"With regard to the consumptive wards. One ward at female side & a room on male side are already in use for those cases and answer fairly well as we seldom have more than one consumptive patient at times none.

"There is no disinfecting apparatus. This has always been a great deficiency & still remains so.

"Dr Florence Dillon is under a misapprehension with regard to the absence of a record of all Surgical Instruments & appliances. This record is attached to the inside of the door of the large instrument & dressing press in the Surgery and was there at the time of her inspection, but being on the inside of the instrument cabinet door must have escaped her notice.

"With regard to the walls of the infirmary Wards. The following Ward walls are not plastered. The female consumptive Ward and passage leading thereto. The female lunacy & idiot Wards & the male idiot Ward & consumptive Ward. The other male and female Wards are all plastered.

The cases of Provisional Relief, and Applications for Relief, were considered and decided on, as set forth in the Application and Report Books.
