- Chapter 6 – Proposed Variation No. 6

Write your observations here:

Enniskerry should remain under its current classification of village small town. Any increase in density would not be supported by the necessary infrastructure. We currently have an unreliable hourly bus to Dublin and bray making all residents car dependent. I would be open to a reclassification in the future if robust public transport infrastructure was out in place in advance of reclassification.

Please also consider that there is no secondary school where enniskerry schools can feed into.

Many thanks for giving this consideration
