That the milk supplied by one of the contractors, Mr. Neill, on the 15th inst. had a burnt taste, as if it had been boiled & got burnt before sending it in. There have also been some complaints lately about this milk not keeping well till the following morning as it should, as it is largely used by the sick patients. The following report was read from the Committee appointed by the Guardians, relative to the Water Supply, etc. of the village of Clonegall. viz:-

"We the Committee appointed by your Board on the 5th Instant, to report on the water supply of Clonegall, have met this day and examined the sources from which pure water could be obtained. We make no suggestion until an Engineer or some qualified person would see and report. We must condemn a cesspool in Jas. Carroll's garden which must be a most contagious nuisance coming from Mr. Lunn's back yard and N.C. also from Pat. Byrne's and other yards in the vicinity. The drip must be most injurious to the water."

(Signed). A. Durdin J.P. L.L.C.

With reference to the foregoing communication Mr. Speares undertook to inspect and report to the Guardians as to the water supply etc. of the village.
