**Re: Wicklow County Development Plan
Proposed Material Alterations to the Arklow Framework Plan**

A Chara,

Uisce Éireann (UÉ), welcomes the opportunity to submit observations on the proposed Material Alterations to the Arklow Framework Plan (FP) and associated Variation to the CDP.

UÉ has no objections to the proposed alterations to the FP text and mapping. We have a few general comments as follows:

MA Reference	Comment
MA 1 & MA 19 Relating to Public Realm Projects	Planned public realm and road projects have the potential to impact on Uisce Éireann assets and projects e.g., tree planting, building over of assets, new connections, requirement to programme upgrade works in advance of road projects. Early engagement in relation to planned road and public realm projects is requested to ensure public water services are protected, enable Uisce Éireann to plan works accordingly and ultimately minimise disruption to the public.
Alterations to remaining Mapping and Zoning	We note the proposed changes and have no further observations at this time.

If you require any further information or assistance in respect of this submission or in respect of the availability of capacity in our infrastructure to support the plan making process, please do not hesitate to contact us.

Yours faithfully,

Niamh McDonald
