Economic Opportunity – Tourism - Shops & Services - Community Facilities

Submission

The town is in desperate need of a high quality butchers. We have maybe 3 in total, all are which are lacking in quality and visual appeal. James Whelan in Kilmac is the closest thing we have to a decent one with nice , good quality, fresh meats. From talking to neighbours if mine (fellow carnivores!) we would spend alotnof money on meat if there was such a butchers st our disposal. Many thanks.
