Topic

Community Development (incl. sports facilities & schools, etc.)

Submission

We need proper facilities for the Poulaphouca Paddlers Kayaking club in Blessington to have adequate boat house, club house, changing facilities, toilets, showers to future proof the club for future generations. Our club enables children, teens and adults of all ages the chance to learn water sports, safety on the water, rescuing skills and accredited training and assessments from Canoeing Ireland. The club provides exercise, wellness, community and social connections for our members, but right now we have to change out of cars and now no toilet facilities, which is difficult for all members (ages and genders)
