That there were no tenders received in response to advertisements for Commodities or Hair mattresses required in the Infirmary. Order: That quotations be obtained from local traders.

The Clerk applied for and was allowed ten days leave of absence, to be taken at intervals.

The Master's Estimate of Provisions and Necessaries required for the ensuing week was examined, and Orders were duly made for the several articles specified, namely:—

30	doz. Eggs

The Clerk's Report of Vaccination was read (this on the first meeting in every month.)
Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon, as follows:—

The proposal of Thomas Murphy to make a new Safe 5' x 3' x 6' 6", with door and case, from store, for the sum of £4-10-0 was accepted.

The Reports of the Master and other Officers were read, and Orders made thereon, as follows —

"I beg to report having admitted 10 patients to Fever Hospital since your last meeting, suffering from scarlatina and five contact cases. The contact cases I placed in the observation wards employed Mrs Boyle Ballard, to take charge of them on the usual conditions. Acting on the instructions of Dr King I procured a night nurse from Dublin for Fever Hospital, also Mrs Boyle, Quary Street, as an attendant for same. There are now 13 patients in Fever Hospital.

"The House Contractor put on two new locks (which I supplied to him) one on door in lane & one on Barn door.

I wish to draw the attention of the Board to the eave shoots on the infirmary & House. In some places there are from 20 to 25 feet of gutters off altogether or broken; and as we have 3 dozen eave shoots on hand I would be glad if the Board would make an order to put them on where necessary.

"The nurse in charge of Fever Hospital informed me, that some of the patients at present in Hospital refused to use the towels supplied by the Board, as there is no other quality contracted for. I want some direction from the Board in the matter. I would feel obliged for the Board's permission to have my wife & child reside with me."

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The steps taken by the Master were approved, and he was authorised to have new fitters erected to replace those worn out, and to provide six suitable towels for use in Fever Hospital. The Board unanimously decided to grant the Master permission to have his wife and child reside with him in the Workhouse.

The following Letters from the Local Government Board for Ireland, and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

No. 38, 1914

On the application of Miss Bolger, Infirmary nurse, the Board allowed her four weeks holiday leave, and authorised the master to obtain the services of a qualified nurse for that period.
