The Clerk's Report of Vaccination was read (this on the first meeting in every month). Number of successful cases:—

The Report of the Visiting Committee was read, and Orders were made thereon as follows:—

The Fever Hospital Nurse, Miss Deegan, wrote asking the Board to grant her an increase in her Salary. & stated that she was in the service of the franchise over 13 years. During the past six months there were 64 cases admitted to Hospital & a good many of them were very serious & infectious ones that required special care & attention so much so that she was generally engaged from 16 to 18 hours a day, the long hours being necessitated by her not having another nurse to relieve her.

Mr. J. V. Faham gave notice that he would move on that day fortnight that the Fever Hospital Nurse's Salary be increased by £10 a year. She having made application for the same.

Pursuant to advertisement the Board had under consideration tenders for carting ^{from Rye Station} & delivering into the Coal vaults 160 tons of Coal.

Mr. Thomas Murray proposed to deliver the Coal at 1/3 per ton and Mr. John Kelly at 7/11 1/2 per ton.

Mr. Fleming proposed and Mr. Gallon seconded: "That the tender of Thomas Murray be accepted."

Mr. Malone moved the acceptance of John Kelly's proposal. This was seconded by Mr. Raynor.

On a division Kelly's tender was declared accepted by a majority of one vote.

The Master was ordered to have the weigh m/c at Workhouse registered; and the clerk was directed to notify the Railway Co. that the Board would hold them responsible for the weight of the Coal ^{as} consigned & would require them to have same weighed out to their carts.

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

The Matron has not as yet resumed all her duties.

The Schoolchildren have not been taken beyond the Workhouse grounds for exercise owing to the whole time of the Schoolmistress being taken up.

The clerk applied for and obtained leave of absence on Tuesday next.

It was proposed by Mr. Fleming seconded by Mr. Maguire and passed by 11 votes to 8:— "That any tender lodged in the tender box of this House by any member of this Board shall be considered as informal."

The following Orders of the Local Government Board for Ireland were laid before the Board and directions given thereon, as follows:—

No. 29.640

9 July 1900

The Local Govt. Board wrote forwarding a communication which they had received from an inmate of the Workhouse named John Nolan requesting to be furnished with the observations of the Guardians on the statements contained therein.

It was decided to ask the Visiting Committee to furnish a report on the subject by next meeting.

A communication purporting to be signed by 15 inmates of the infirm class, ^{was sent} to the effect that they never authorised John Nolan to make a complaint to the Board about their food which was very good & they were quite pleased with it. In fact all the food that was supplied to them was good & they had no fault whatever to find with it.

The following Letters from the Local Government Board for Ireland and others were read by the Clerk and directions given to answer them respectively, to the following effect (or orders made on them respectively, as follows):—

No. 382.98 Nurse

10 July 1900

From same read letter to state that in pursuance of article 9 of their order of the 24th April 1899 they consented to the Guardians proposal to place the child John Byrne at nurse with Mrs. Darcy of Shillelagh.

No. 40.623

12 July 1900

With reference to the entry on the Minutes of the Guardians on 6th inst. relative to a complaint made by some Workhouse inmates of male infirm class as to the insufficiency of the quantity of milk given to them the L.G. Board requested that a report be obtained from the Medical Officer as to whether he considered the quantity of milk allowed to these inmates sufficient.

Dr. King subsequently reported that as the quantity of milk allowed to infirm inmates had been raised by the Board to the quantity formerly allowed to them, namely one pint of milk per diem & this increase having been sanctioned by the L.G. Board, the infirm inmates had now quite sufficient milk.

No. 40.446

12 July 1900

The L.G. Board further wrote to inform the Guardians that they had received the half-yearly report of their Inspector Mr. D. Bourke consequent on his inspection of the Workhouse on the 5th inst.

Mr. Bourke informed the Board that nothing had yet been done to improve the range in the ^{the} Hospital Kitchen or the troughs in the

Liver Hospital Laundry to which he drew attention in his last report. Improved cooking arrangements were also required in the kitchen for the female side of the Infirmary. The floor of the male Probationary Department required to be freshly laid in concrete & the old wooden bath in that department should be replaced by a modern bath. Six additional modern beds were required for the Infirmary. Mr. Bourke drew attention to the necessity for providing an ambulance for the conveyance of cases of infectious disease to the Workhouse, & the Board requested that this matter together with the other matters referred to might receive the Guardians' consideration. An extract from the Inspector's report relating to the drainage of the Workhouse was enclosed & the Board requested that the Guardians would obtain a report from their Engineer as to the necessity for opening the ventilators of the drains as suggested by Mr. Bourke. It appeared that the Visiting Committee had only met & reported on five occasions during the half-year, & with regard to this subject the Board desired to refer the Guardians to article 59 of the Workhouse Rules & they trusted that the requirements of that article might be complied with in future.

It was decided to obtain a report from the Engineer when next in the District as to the drainage & the other matters were referred to the Visiting Committee for report.

The cases of provisional relief, and applications for relief, were considered and decided on as set forth in the Application and Report Books.

The number of provisional admissions to the Workhouse confirmed was ... 15
