Topic

Overall Strategy of the LAP

Submission

. I live in the Blessington area . A proud member of the Poulabhouca Paddlers . Our base is two steel containers to store boats , safety equipment etc . Poulaphouca paddlers is a very diverse , all inclusive club . , with juvenile & adult members offering training , friendship , competition . The lake offers so many opportunities for development in hobby & tourism for the general area . We need a proper club house & facilities . We are currently based at Russlestown
