We desperately need services and not more housing. A secondary school in the town is drastically needed before any more houses. 3000+ new houses in the last 10 years and the department says the surrounding area secondary schools can take those children, they simply can't. No secondary also adds to n11 and other towns traffic, which can't cope as it is. The primary schools are in prefabs and dilapidated buildings. The roads are full to the brim and not maintained. There is no marking and potholes everywhere. No more housing should be permitted until facilities catch up. The area is at risk of becoming a ballymun without the facilities. If the community is to grow this large we need to have facilities near us. Libraries, schools, gyms, shops.
