LAP - Proposed Material Amendments No 26 Submission

Submission

Proposed Material Amendment 26:

Dear Sir/Madam

I object to Proposed Material Alteration no 26 to zone land on Bellevue Hill measuring c. 12.5ha as 'Active Open Space'.

I have lived in Greystones for more than 30 years and I appreciate the environmentally sensitive nature of this site. Zoning this land would also extend the town boundary bringing it very close to the Glen of the Downs Nature Reserve.

This land should remain unzoned so that it can be protected.
