Submission

There is a gate that leads from the Loreto Grange housing estate to Convent Ave. This gate is, on occasion, locked and it appears it can only be unlocked with a key (possibly given to local residents?). We have a two year old and have on occasion had to turn back as the gate is locked, which is devastating! There is a similar gate maybe 50 yards down the hill leading into Seacrest that has no gate door attached - it is accessible to all public. I would love if something similar could be done in Loreto Grange as it is not a private estate and can cut the walking time for people going from Vevay Road down to the lower part of the town substantially. Thanks!
