Topic

Regeneration of Communities & Places - Healthy Placemaking - Urban Design - Opportunity Sites in Wicklow Town - Rathnew

Submission

More family spaces are essential with the growing population. Playgrounds, sports centres and a central community centre would be ideal.

Also pedestrianise the town and provide multistorey car parks around the edge of Wicklow town.

Topic

Infrastructure - Sustainable Movement - Transportation

Submission

The Rocky road has become dangerous and not fit for purpose with all the new housing developments near Marilton. It needs to be a minimum of lined individual traffic lanes with footpaths and lighting. The speed limit is not suitable either. Currently one is nearly run off the road with cars travelling the 80km on a too narrow road to reach the M11. Also provide better access to the Educate together school with drop off zones as cars park on the side of the Rocky road and block one way of traffic.
