N. 129-11/85

Miscellaneous

11th August 1885

From same in a return showing the number in this Union who were in the Register in the year 1884, and the number placed upon the Register this year as finally revised by the Revising Barrister

N. 28, 976

13th August 1885

From same to state they have had before them the Abstracts of Rate Collected in the Shillagh Union to the 25th Ultimo from which they observe that Rates amounting to the large sum of £650 then remained outstanding although the extended time allowed for the completion of the Collection expired on the 27th June last since which date no progress appears to have been made in the Collection; and the Board have to request that the Guardians will have the goodness to require the several Collectors, especially John Reid, Denis Doyle and Philip Doyle, who have been particularly delinquent, to use greater energy with a view to bringing their respective Collections to a close without any further delay.

The Board also observe that the Collectors acted very irregularly in the accumulation of their accounts, and they would draw the Guardians' attention to this matter with respect to the requirements of articles 47 & 7 of the General Regulations

With reference to the subject of the foregoing letter the following resolution was proposed by Mr. E. Byrne seconded by Mr. Dowling & passed unanimously, viz.

"That the Clerk be directed to call the attention of the Collectors Hugh Reid & Denis Doyle to the Instructions of the Local Government Board respecting the manner they perform their duties under the General Regulations; and with regard to the Collector Philip Doyle who appeared before the Board & for whom such letter, we are of opinion he is the most efficient & satisfactory Collector in the Union, and also observe that debts amounting to about £30 for the recovery of Arrears of Poor Rate in his district being unaccounted for by Mr. Lebb, Solicitor, shows arrears to nearly that amount as collectable

in the apparent balance of outstanding rates against him."

The Board proceeded to consider the Estimate of Rates for the ensuing year.

It was proposed by Mr. C. Byrne seconded by Major Twiss & agreed unanimously that the Estimate of Rates as read be adopted as proposed.

The Clerk was directed to again write to Dr. Thomas respecting the rate still outstanding & ask him to forward enough to reply to the Board by the 28th inst. relative to previous correspondence in the subject.
