Compact Growth - Housing – Population Growth

Submission

you really need to upgrade your present housing stock, even if you just put outer insulation it would be a big improvement and would cut back on heating bills .this needs to be done before you spend money on new housing builds.

Topic

Economic Opportunity – Tourism - Shops & Services - Community Facilities

Submission

Arklow needs someone to come and see the state of the main street more shops are badly needed, take a look at Gory a thriving town and Arklow is a dead town. There are no facilities for older residents or people with disabilities .this town is a totally forgotten town and no one cares.
