I am a member of plastics paddlers for last 3 years we have no facilities to change , toilets , meeting area etc etc .the club is so important to me for my physical and mental health I love that it welcomes everyone all ages (children to adults)and genders . it's so important for the community to be able to use the beautiful blessington lakes for time out in peace from the world . The club runs from 3 metal containers that houses the boats our car is our changing area and toilet is the open area at Russell's town. .please help us change this for our club do we can grow more with better facilities and attracting more people to join for a healthie Community

Providing more social outlets and potential Olympic stars . It only takes one seed help our community .
