Greystones Arts is a voluntary group of professional artists of every discipline connected to Greystones/Delgany, Please join us and get involved in your local artistic community

### Ultimate Aim I

As resident artists in Greystones /Delgany we are acutely aware of the lack of a creative artistic hub in our area. With the ongoing development of housing estates and commercial properties this is a unique opportunity to secure a space for such a facility. We envision that this hub would provide for cultural engagement and enrichment for all ages. It could potentially provide a working space that directly develops a cultural tradition in the fastest growing area of County Wicklow.

We propose a multifunctional space for primarily artistic expression such as artists studios, workshops, education, an exhibition and gallery facility, creative programming and engagement with the community. There is an increasing need and demand in the area for this kind of facility currently not available. It would provide a valuable resource for artists and the general public for many arts and crafts disciplines. We believe that this will have a positive effect on the well being of our communities, the enrichment of our culture and an added economical benefit for local businesses overall.
