They propose to place themselves in communication with the Boards of Guardians throughout Ireland, for this purpose. It appears to them that if each individual Guardian would impart to the Board of which he is a Member, at its weekly meetings, the results of his experience and observation in his own locality, and the Board of Guardians, through its Clerk, would correspond with the Poor Law Commissioners on this subject, a valuable body of information might be collected, which would have a tendency to prevent either supineness or exaggerated alarm.

A letter from the Poor Law Commissioners was read by the Clerk in reply to his letter, stating that they apprehend that an application to the Public Works Loan Board for a loan to build a Fever-Ward to a Workhouse would not prove successful, and further, that they deem it the same time to state that the Treasurers of many Unions have advanced the amt. to be expended in building Fever-Wards, the repayment of the loan by instalments, with interest having been secured by a deed of charge upon the future Rates of the Union, at some specified ^{time} within 20 years. They further suggest that this course should be adopted in the Rathfriland Union.

Proposed by Ald^r Wm. James Esq
 Seconded by Mich^r Hudson Esq
 Resolved Unanimously - That the Clerk be directed to write to the Commissioners in reply to the foregoing communication as follows: That the Board of Guardians approved of the erection of a Fever Hospital adjoining the Workhouse - under the impression that there would not be the least difficulty in obtaining the amount required from the Board of Works - But as the Poor Law Com-

do not consider that an application to Government for said sum would prove successful, - and recommend the Board of Guardians to borrow the amount from the Treasurer; that we do not deem this course advisable, and shall be obliged to abandon the design altogether unless Government advance the money.

Ordered - That the Clerk summon a special meeting for this day week to take into consideration the subject of the intended Poor Law.

Ordered - That the Clerk advertise for Contracts to supply Best White Bread for three months, from the 25th March from 50 to 200 Barrels of Potatoes and 4000 of Oaten Straw to be delivered ^{conveniently} the 24th of March next.

of the office.

2nd - Calling the attention of the Board
of Guardians to their letter of the 16th
ultimo relating to the non-attendance

A letter from the Relief Commis^{rs}
office was read by the Clerk, stating
that the Commissioners of the Central
Board of Health, desire to express their
satisfaction at the Resolutions adopted
by the Board of Guardians, on the 2nd inst.
and they beg to state that it will give
them great pleasure to co-operate
with the Board, in giving effect to the
benevolent intentions manifested in
those proceedings.

A 2nd letter from the Relief Commission office was read, stating that the Commissioners of the Central Board of Health desire to inform the Board of Guardians of the Rathdrum Union, that a letter having been received from Dr. Wright in which he states that Fever is extending in Arklow, and that the double duty of attending on the Hospital Patients and of Visiting Patients in their own residences, is more than he can perform, they will therefore recommend His Excellency the Lord Lieutenant to appoint a second Medical Officer for the Rathdrum Union, whose Salary will be paid by the Lords of the Treasury. For this purpose the Guardians are requested to forward to the Commission, without delay the name of the Medical Practitioner, whom they would recommend for the office.

A letter from Dr. Wright was read to the following effect.

Sir

June 8th 46

I had this day the honor to receive a copy of letter from the Central Board of Health addressed to the Guardians of the Rathdrum Union, stating that I required a second Medical Officer.

I beg leave therefore, to inform the Board of Guardians that my letter was misunderstood. I do not require an Assistant to visit patients. I only want the sanction of the Board of Health for having an Apothecary to compound Medicines. for which purpose I have

appointed Mr. Wm. Heath of Arklow - which I consider myself empowered to do by the second Resolution of the Board of Guardians - but was desirous to have the ^{Signature of} Board of Health for doing so.

I have this day written to the Board of Health to the foregoing effect, and it will not be necessary for the Board of Guardians to act upon their Requisition to nominate a second Medical Officer other than Mr. Wm. Heath.

To the Clerk of the
Guardians,

- Proposed by Geo. Wm. Byrne Esq
Seconded by Wm. Gilbert Esq
- 1st Resolved Unanimously - That the Board have heard with regret, that much dissatisfaction prevails in Arklow, at the new Fever Hospital being placed in the Centre of the Main Street to the danger and inconspicuousness of the inhabitants -
- 2nd That we also consider the Bills sent into this Board for expenses already incurred in Arklow for Fever cases as exorbitant and are therefore disallowed, and we direct the Clerk to return to Dr. Wright said Bills along on him to require the parties concerned, to reduce the Charges to a fair and reasonable price.
- 3rd That further - from the unfortunate spread of Fever in the Barony of Arklow, we consider an ad-

ditional Medical Attendant for a -
 further division of the Parony Necessary
 and that the Board will proceed on
 the next day of Meeting to the recom-
 mendation of one. and that the Clerk
 be directed to summons a Special
 Board for that purpose

4th That in order to forward the benevo-
 lent objects of the Board of Health to
 provide more effectually against causes
 of complaint either as to want of at-
 tention, or un-necessary expenditures,
 that a Committee be appointed in
 Arklow to superintend and com-
 municate with this Board,

5th That the Clerk enter the foregoing
 Resolution on the Minutes of the day
 and that he transmit a copy of
 same to the Commissions of the
 Central Board of Health.

The Board then proceeded to the applications
 for admissions into the Workhouse and
 decided as set forth in the applica-

A Letter from the Poor Law Commissioners was read by the Clerk stating in reference to the proposed erection of a Fever Ward to the Workhouse, that they have made a representation to the Lords Commissioners of Her Majesty's Treasury with a view to obtaining a further Loan from the Public Works Loan Board for Building the Fever Ward and that in reply to their communication the Commissioners are informed that the Lords Commissioners of the Treasury cannot authorize the further Loan requested reference being made to the circumstance that the Board of Guardians of the Ratham Union are in arrears for some of the instalments due on the Loans already advanced to them.

The Survey of the additional piece of ground required for the Fever Ward site has been prepared, but is not executed by the Commissioners and the Commissioners await the further views of the Guardians on the subject of the Fever Ward and of the Land in question.

The Guardians may probably still be enabled to obtain a Loan for Building the Fever Ward from their Treasurers or some other source, or the expense of building the Ward may be defrayed out of the current rates; or they may deem it desirable to possess the additional piece of ground irrespective of the question of building a Fever Ward; and it appears desirable that the Guardians should arrive at an early conclusion.

Clements Assistant Commissioner of his inspection of the Workhouse on the 5th instant which gives a very unsatisfactory account of the state of the House. The following letter from the Board of Commissioners was read by the Clerk, stating that they having now received from nearly all the Unions in Ireland replies to the enquiries which accompanied their letter of the 13th ult^m, on the state of the Potato Crop, have the subject under their serious consideration, and have addressed a circular letter to the several Boards of Guardians from which replies have been received, suggesting the steps which it appears to the Commissioners it would be advisable and proper to take in order to meet the probable pressure on the Workhouses, consequent on the impending dist^r — The Commissioners have not received any reply from the Rathfriland Union to their letter of the 10th ult^m, but assuming that the general state of

The Potato Crop is similar to that of the other Unions in Ireland, they forwarded, to be laid before the Board of Guardians, a copy of the Circular referred to, and at the same time desire to recommend the suggestions it contains to their careful consideration.

A Letter from the Poor Law Commissioners
 was read giving their sanction to the sus-
 sended Commutation proposed to be
 allowed to Mr Tho Bynne Collector of Poor
 Rate for the Glendalough Electoral Division.

Letters from the Poor Law Commissioners
 with Copies of letters addressed to them
 by Messrs Webb & Gale Collectors with
 their reply was read to the Board.

A draft was drawn in favor of Mr Tho-
 Bynne Collector for full amt. £5. 10. 0

A letter from the Protestant Chaplain
 was read, stating that a Protestant
 infant about 3 years old had been
 removed to the New Hospital where
 it died, and no notice having been
 given to the Protestant Chaplain of
 its death, it was buried without the
 attendance of a clergyman, or the
 performance of the divine service
 made & provided for such occasions
 by the established Church, and re-
 questing that the Board would enquire
 into the cause of this neglect, and
 take such measures as may pre-
 vent its recurrence.

The Medical officer stated in reply
 to the foregoing letter, that the day
 after the Child's removal to the Mad-
 dog Hospital, he was taken ill, with
 Influenza and confined to his room
 for three days, and that the Medical
 Gentlemen officiating for him during
 his illness had not been made aware
 of the necessity of informing the
 Nurse-tender of the Hospital to com-
 municate the death of Protestant
 Inmates to their officiating Chaplain.
 Consequently the Child was interred
 without the necessary ceremony being
 performed. This is the first case
 of the kind and I trust it will be
 the last.

The Board proceeded to the consideration
 of applications for admittance into
 the Workhouse and decided as is

The following letter from the
Medical officer was read by the
Clerk.

Gentlemen

I beg leave to apply to
for an increase of Salary
With respect to smaller poor cases
was but few nor was it my duty to
attend them patients (and who are
invariably sent to the Wicklow County
Poor Hospital) My practice was
confined to the intern patients of the
Workhouse and the pauper inmates
thereof being nearly doubled it
must appear my duties therein have
vastly increased, however just on these
grounds do I pray your favorable
consideration. - Additional and
separate Institutions have been estab-
lished Union ^{of and several} Poor Hospitals have
been opened on another Townland

260

and my duties increased thereby, but from the malignant nature of those infectious diseases, a deep responsibility has been impressed upon me and without compensation.

These Hospitals are made to receive sixty patients, there are now thirty three therein and all Externs are admissible.

The several County fever Hospitals are only equal to the belief of the average number of about ~~30~~ thirty three and for whose attendance a salary of £50 per annum allowed the Medical Officers, so that irrespective of the now two-fold duties to be performed in the Workhouse, and for which only £60 per annum are allowed, I now discharge a weighty duty, as there is those new Substitutions.

Under those circumstances I trust the Board will grant me a salary commensurate with my public services and fearful responsibility.

Proposed by Mr Gilbert
Seconded by Mr Booth

Resolved unanimously - That the Medical Officer salary be raised to £80 per annum in consideration of the additional duties he has to perform.

Resolved - That a Committee of the following Guardians be appointed to examine the Reports of Vaccination and ascertain their correctness. Mr. B. M. Hally, Coroner
J. Gilbert.

to the Chairman of the
Board of Guardians,

Sir

I beg leave most respectfully
to submit to your consideration and
that of the Board of Guardians the fol-
lowing statements

I have filled the situation of
Master in your Workhouse since its
first opening, more than five years
ago, and during that period have
constantly endeavoured to discharge
its duties with diligence and cor-
rectness, and as far as lay in my
power to the satisfaction both of the
inmates of the House and Guardians
of the Union.

The labour and fatigue at-
tendant upon the fulfilment of my
duties have been greatly increased by
the crowded state of the house con-
sequent upon this season of distress.

Under these circumstances
and as it is not unusual for the
Officers of the Workhouse to have their Salaries
raised in consideration of the length
and Character of their services, I should
humbly hope the Board of Guardians
will take my services into their consid-
eration, and if they consider them
such as to merit their approbation, that
they will kindly sanction an increase
to my present salary.
